

A BIG DEMAND FOR SEWER CONSTRUCTION

More Work Done This Year Than in Any Previous Year—More Money Needed

If the street department does all of the sewer work petitioned for this year it will be necessary to borrow money to do the work. The work that has been done and the work that is under way will eat up about all of the \$50,000 blanket loan made at the first of the year. It has been stated, too, that more sewer work has been done thus far this year than for a corresponding period in any former year.

Discussing the sewer work for the year with The Sun reporter, City Engineer Kearney said: "There has been a big demand for sewer construction this year. A great many streets have been developed for building purposes and there have been many calls for proper sewerage facilities. Petitions for sewers continued to pour in and it was to accommodate all of the petitioners more money will be necessary. Up to date there is outlined in sewer orders that have been passed by the municipal council sewer work amounting to about \$50,000, the amount of the blanket loan made at the beginning of the year."

The following list of sewers and sewer work done during the year and work now underway was supplied by

Mr. Kearney:

Street	Length	Size	Estimate
Dundee	225	10	\$ 707
Fisher	250	12	825
Hawthorne	150	12	515
James	211	12	745
Wilder	250	10	815
Plain	335	10	1155
Aberdeen	450	10	1500
Fleming and Newbury	520	12-10	\$530
Cher and Sherwood	330	12	1070
Parker	350	12	1141
West Sixth	350	12-10	1450
Arch	150	10	700
Waverly avenue	150	12	529

The department is now working on Lawrence street. The length of the sewer there is 2170 feet, 10 and 8-inch pipe, and the estimated cost is \$9000.

The department is also working in Gorham street, lowering the old sewer and putting in new sewer, 25 feet, 20 by 30-inch brick, estimated cost \$3715. More sewer work is being done in Hildreth street on a 275 foot sewer, 18 and 12 inches; estimated cost \$1400. Also in Christian street on a 405 foot sewer, 10 inch; estimated cost \$1251. Other gangs are connecting up old culverts on Andover and Rogers streets.

GAS EXPLODED IN FREIGHT CAR

Many Windows Were Smashed In Melrose Today

Property Damaged, but No One Was Injured

MELROSE, July 24.—A tank of the gas that is used in furnishing light for the railroad block signals exploded in a freight car near the Boston & Maine freight station today. Several windows in the vicinity were shattered and other slight damage to property resulted but no one was injured.

Six gas tanks were in the car but only one exploded although another was hurled fifty yards to the platform of the passenger station. The cause of the explosion is not known.

BREAK IN NELSON STORE

Cash Register Robbed and Goods Upset

When the floor walkers of Nelson's Colonial department store at the corner of Central and Merrimack streets opened the store this morning it was seen that some one had been in the building during the night as the wares on several of the counters had been disarranged and other articles had been scattered about.

Upon investigation it was learned that a 50 cent piece, two quarters and other small change were taken from the cash register. The police were notified, but as yet they have been unable to solve the mystery. They found no evidence of any window being opened by which an outsider could get in, so that they are unable to explain just how the theft occurred. The police, however, believe they can solve the mystery later on. The store was closed this afternoon, this being the half-holiday.

Umpire Sues League
ST. LOUIS, Mo., July 24.—Umpire Jack McNulty today brought suit against the Federal league baseball club of St. Louis and Manager Jack O'Connor for \$35,000 damages because of a punch in the face O'Connor gave him on the grounds of the club on June 28 last. McNulty alleges that his injuries are such that he no longer will be able to earn a living as a baseball umpire.

ters whenever the company required his advice. For some years past he has resided in Tyngsboro.

Prof. Whittaker is survived by three daughters, Grace and Harriet Bancroft Whittaker and Mrs. F. D. Lambert, all of Tyngsboro; one son, Channing Whittaker, Jr., three grandchildren, Hazel Bancroft Whittaker, Richard and David Lambert; two brothers, Rev. N. T. Whittaker of Saxtonville, Rev. George Whittaker of Somerville, one sister, Mrs. Sarah Gough of New Jersey.

The deceased held a high place in the esteem of his fellow citizens of Tyngsboro and Lowell and was everywhere regarded as a man of great ability, high character, sterling patriotism and strict integrity. The funeral will be held Sunday afternoon at 2:30 o'clock.

AN EARTHQUAKE SHOCK

MEET AFTER 25 YEARS

Lowell Woman Visited by Brother From West

Mrs. Joseph E. Jenney of 40 Beaver street, this city, has a very welcome visitor at her home, one whom she has not seen for 25 years. The guest is her brother, John Greifwood, of Chicago, Ill., who left the east a quarter of a century ago, and is now on his first trip to his home since migrating to the west.

Mr. Greenwood left his home in Waterbury, Conn., one year after his sister moved to Lowell, and went directly to Chicago. He has met with great success in the west and now holds a very responsible position with a large electric company. During his stay in Chicago he has accumulated considerable money and now owns several large parcels of real estate.

He arrived in Lowell on last Sunday, and was given a great reception by his sister and her husband at their home on Beaver street. Today he went to Waterbury to visit other relatives and will return to Lowell tomorrow. He will remain here until Monday, when his trip back to Chicago will be started.

If you want help at home or in your business, try The Sun "Want" column.

INQUIRY INTO CAUSE OF FIRE IN N. Y. FACTORY

WHERE FIFTY PERSONS LOST THEIR LIVES

WHERE SCORES OF GIRLS PERISHED IN BINGHAMTON FIRE

BINGHAMTON, N. Y., July 24.—State and local authorities today began an investigation of the circumstances surrounding the fire of the overall factory of the Binghamton Clothing Co., in which at least 50 persons, mostly women and girls, lost their lives. Representatives of the state department of labor, the state fire marshal, the state factory investigating committee and the committee of safety of New York were present at today's in-

ANOTHER FIRE AT SING SING

Gave Mutinous Convicts a Chance for More Demonstrations

Blaze Started In Clothing Shop—Convicts Yell During Fire

OSSING, N. Y., July 24.—Another fire at Sing Sing prison today gave the mutinous convicts a chance for more demonstrations. The blaze started in the clothing shop and the prison fire brigade extinguished it, after a hard fight without outside aid. It was the second fire in the prison buildings this week, notwithstanding the fact that the guards had been doubled since \$150,000 worth of property was burned up there two days ago. If the fire were started by convicts the

INTER-STATE MATCH ON

Marksmanship Contests at Wakefield

WAKEFIELD, July 24.—Only two teams entered for the interstate match at the annual marksmanship contests of the state militia here today.

In the first stage at 600 yards Massachusetts defeated Rhode Island by 15 points, the totals being 559 to 544. Six teams entered the service match open to all teams with the same conditions as those governing the interstate contest. At the close of the 600 yard contest the first navy team was leading. The scores in the service contest at 600 yards were as follows:

U. S. N. first team, 567; U. S. M. C. second team, 565; Massachusetts, 559; U. S. M. C. first team, 553; U. S. N. second team, 545; Rhode Island, 541.

Suit Against Railroad

BOSTON, July 24.—Continued postponements in the hearing of the suit of John March of Chicago against the Southern New England railroad for damages arising through the sudden stopping in the work of constructing the proposed railroad line in southern Massachusetts indicates that the case may be settled out of court, according to interested parties.

FORTY TWO ACRE HOSPITAL SITE

Offered for \$5000—Dr. Pillsbury Estate is Favored by the Municipal Council

The selection of a site for an isolation hospital continues to hold the attention of the municipal council and word was passed along quietly at city hall this forenoon to the effect that a majority of the members are in favor of the Dr. Pillsbury estate. This property is located on a high bluff over the Merrimack river at the bend below Hunt's falls, and is perhaps seven minutes walk from the Andover street cars. It has been described as one of the most beautiful outlooks in

New England and Mayor O'Donnell stated this morning that several prominent citizens, including Belvidere residents, had spoken to him about the Pillsbury estate, declaring that they believed it to be an ideal one and that the municipal council would be doing the city an injustice should it decide to select any other site. Asked if he knew a majority of the council was in favor of the Pillsbury estate for a hospital site, Mayor O'Donnell said: "I don't know."

(Continued to page eight.)

GET WISE TO THIS CHANGE

If You Want the Fire Department be Sure That You Get the Right Number

If you are called upon to send in a telephone alarm to the fire department call 3400 or 3401.

The big change in the telephone system went into effect today and the above numbers are the only ones having anything to do with the fire department. The department has a little telephone exchange of its own. It is located in the Palmer street station and if you want to talk with anybody in that house or any other house just call 3400 or 3401 and the fellow at the Palmer street house will attend to your case. Firemen who are unable to perform active duty will attend to the exchange, but for the present it will be in charge of John F. O'Neil, W. F. Tighe and E. J. Jennings, eight hour tricks. They are the operators that have been selected for the time being.

The work of changing the fire de-

partment telephone system has been going on for some time and it is expected that the new system will work a great improvement. Heretofore there were 22 parties on the one line and while two parties talked the others could not be reached. Chief Saunders says that the new system, which was quite fully explained in these columns a few days ago, will do away with the mixups so frequent under the old system. When a telephone alarm is sent in it will first go to the operator at the Palmer street house, the fire department central, and he will notify the house situated nearest to the scene of the fire.

Changing Fire Box Numbers

Chief Saunders said today that the numbers on the fire boxes would be changed in a few days. The new numbers were published in The Sun some time ago. The new system is known as the Gamewell system and Chief Saunders expects that the man detailed to make the change will arrive here tomorrow.

I. W. W. MAN RELEASED

Under Five Thousand Cash Bail

PATERSON, N. J., July 24.—Patrick Quinlan, the Industrial Workers of the World leader, who was sentenced to a term in state's prison for leading the striking silk workers to riot, was brought here from Trenton today and released under \$5000 cash bail. This was furnished by Fred L. Warren of Girard, Kansas, editor of a socialist paper.

PROGRESSIVE PARTY HELD OUTING

Large Gathering of the Brethren at Willow Dale—J. J. Delaney and Others Speak

The members of the progressive party of this city turned out in large numbers to attend the outing held at Willow Dale this afternoon. Special cars left the corner of John and Merrimack streets about 1 o'clock and carried the party to Lakeview park where the steamer was boarded to convey them to the other side of the lake.

Immediately upon their arrival at Willow Dale the group journeyed to the dining room where a dinner had been prepared by Amos Best, the proprietor of this resort. At the dinner there were present some of the most prominent progressive men of this city, including Daniel Cosgrove, William N. Osgood, Charles H. Johnson and many men from out-of-town.

After the dinner Mr. John J. Delaney, chairman of the committee, welcomed

have opened to receive its patrol cars.

In conclusion I would urge every man here to use his best energies in working for the success of the progressive party and its candidates.

Mr. Charles H. Johnson, president of the progressive city committee, was next introduced and he spoke at some length on the work of the progressive party and congratulated the committee in charge for the fine gathering.

Mr. Cosgrove when introduced made a witty speech bristling with comedies. He then talked politics, stating his faith in the progressive party, his admiration for Charles Sumner Bird and for the great man at the head of the party, the living type of Lincoln, Theodore Roosevelt.

William N. Osgood and a member of the organization from Boston also made stirring addresses.

The dinner over the party took part in a list of sports that had been arranged and considerable interest was shown in these events. The swimming races held at the lake this afternoon attracted a large number of the party and the afternoon afforded plenty of amusement to all. It is planned to return to this city early this evening.

The committee responsible for the success of the affair is as follows: John J. Delaney, chairman; Peter Caddell, E. A. Linscott, A. S. Gillingham, Ben and William Osgood. The assembly included a large number of the local members of the party and some who have not yet made formal declaration of their principles. There were about 100 present.

POLICE COURT CASES

Man Arrested by B. & M. Special Officer

Ralph L. Louprel gave quite an imitation of "Sherlock Holmes" in his testimony this morning when the case of Dennis Connors, charged with drunkenness and larceny, was called for trial in police court.

Louprel was the first witness called by the prosecution. "What is your occupation?" asked Chief Welch. "I am a night watchman for the Boston and Maine and a special police officer. See this," he added, as he drew back his coat. There on the left sleeve of his vest glistened a sparkling, nickel plated badge such as are generally worn by special officers only the witness displayed to the court the brightest emblem of police authority which has been seen in this city for many a day. In fact the brass and copper insignia of office worn by the chief was completely put to shame by Louprel's carefully polished token of authority.

"Well," chimed in Attorney Daniel J. Donahue, "Are you a sleuth or just an ordinary special officer?" After a moment's hesitation the witness pleaded guilty to being only a special.

According to the testimony of the special officer, alias detective, the defendant entered the baggage room of the B. & M. late last night in a drunken condition. Mr. Donahue did not contest the fact that his client was drunk. The witness further stated that the defendant had stolen a package of clothing from the baggage room. The package was valued at \$100. The defense did not argue that fact either but claimed that Connors was drunk at the time, and is responsible for his act.

Officer Arthur Brewster, who made the arrest, and the attorney also had a lively tilt but this meeting was clearly a draw. Several swift ones were exchanged between lawyer and officer but the latter stuck to his original testimony. "Let's hear your definition of drunkenness," requested Mr. Donahue and Officer Brewster obligingly came through. "A man is drunk," said he, "when he is either dizzy in his head or his feet and his defendant was in the latter condition when I arrested him last night." This concluded the evidence in the case. Connors will be sentenced tomorrow morning.

George Salinas was fined \$10 for violating the milk law after a loud trial in which Milk Inspector Melvin Martel stuck to his claim that the defendant had ample opportunity to discover whether the milk issued to him up to the standard as prescribed by law. Fisher Pearson, Esq. appeared for the defense.

John A. Landry was sent to jail for fifteen days in order to recover from the effects of a protracted spree. John J. McFure appeared for him. Asper Richards was sent to jail for one month on the charge of drunkenness. John J. Lyons received a \$5 fine for his second arrest for drunkenness within the year. Two first offenders, who paid over \$2 each, concluded this morning's docket.

JOHN J. DELANEY,
Chairman of Committee.

all present and made a stirring speech. He said, in part:

Fellow members of the progressive party and gentlemen:

As chairman of this committee, it gives me great pleasure to welcome you all to this gathering here today. We assemble here under the banner of the progressive party and we stand squarely upon its platform of principles, confident that it is the best that any party has framed for the removal of the government abuses of the present day.

On this platform stand some of the best men in the country today, including Charles Sumner Bird, our candidate for governor, and our distinguished townsman, ex-Alderman Daniel Cosgrove, candidate for Lieutenant governor.

This country has been founded on human liberty. What is human liberty? Human liberty is an instinct born in every man's breast. It is an inherited impulse of the heart that has found expression in deeds that have not only illuminated the pages of this country's past history, but have left their impress upon almost every civilized nation of the world.

The republican party has revealed in corruption and greed until decent men left its ranks to escape the odium of its misdeeds. The time has come when any political party can give upon its records in war days. Its patriotism in time of war has been cast into the shade by its corruption. Its abuse of special privilege and its extortion from the tolling masses. I predict that in the fall elections the progressive party will sweep this old and corrupt system of plundering the people into the political abyss that we

RADICAL CHANGES IN NEW HAVEN

Not Only New Head to be Named But Financial and Operating Policy Will be Revolutionized

NEW YORK, July 24.—Not only a new head of the New York, New Haven & Hartford railroad system to succeed President Mellen, but radical changes in the financial and operating policy with a revolution in the machinery of executive management will be recommended by the sub-committee of directors, which will report to the full board tomorrow.

This was indicated today by a leading member of the committee who said that whoever was selected to succeed Mr. Mellen probably would have a different title than president—that of chairman of the board, who would be supreme over the entire system—including the Boston & Maine and the steamship and trolley lines.

This director intimated that the title of president of the New York, New Haven & Hartford railroad proper would be conferred upon another man who also is to be recommended at tomorrow's meeting. This official would be a subordinate of the chairman of the heads of the other divisions of the New Haven system would occupy similar subordinate positions. Changes in the by-laws of the road would be necessary, he said, in order to effect this rearrangement.

To the new head of the system, who according to general expectation in Wall street will be Howard Elliott, president of the Northern Pacific, will be given the task of working out the proposed changes in policy. What these will be were not specified, but it was intimated that they might include the divorce from the New Haven of its control of trolley lines. This would meet one of the criticisms of the interstate commerce commission. No information could be obtained as to whether the committee favored the eventual separation from the system of the Boston & Maine and the steamship lines, but the impression was gained that these questions would be further considered after the election of the new head of the system, who will be given plenty of time to work out the new plans.

MISSING PARTY RETURNS

Believed That All Had Been Drowned

TRENTON, N. J., July 24.—The party of three young women and six men reported missing and believed to have met with an accident, while in a motorboat on the Delaware river, returned to their homes today. The young woman said they had been visiting relatives of one of the party who were camping on the shore of the Delaware near Florence, N. J.

PRESENTED GOLD CHAIN

Carl J. Sanderson Goes to Australia

Mr. Carl J. Sanderson, who for some time past has been general superintendent of the Pentucket Narrow Fabric mills, severed his connection with the above concern last night. Mr. Sanderson is to sail for Australia where he has accepted a position as superintendent of a large mill at that place. He will be accompanied by his family.

Shortly before his departure from the mill last night a large number of the employees gathered at his desk and Mr. A. V. Rodgers, the owner of the mill, in behalf of the employees presented him a beautiful gold chain and box of cigars. In fitting words told Mr. Sanderson the respect all connected with the mill had for him and wished him success in his new field. The recipient of the gifts thanked them wholly by surprise, and stated that he would always remember with pleasure the days spent at this mill in Lowell.

Steamer Badly Damaged
GIRLING, Bay of Islands, N. F. July 24.—The steamer Seal which assisted the British warship Sirius in floating the stranded steamer Beothic at Point Rich, reports that the Beothic is badly damaged and will have to return to Halifax for repairs.

PAY EXPENSE OF 1000

Delay in Arbitration Costs Union \$8000 a Day

NEW YORK, July 24.—The truce between the eastern railroads and their conductors and trainmen pending attempts to adjust labor difficulties continued today, but the employees showed that they were growing restive. The delay in settling terms of arbitration, they say, is costing the unions \$8000 a day for they are obliged to pay the expenses of more than 1000 members of committees representing the various locals who have not gone back to their locomotives since the declaration of the strike vote.

The men said today they were not satisfied with the concessions made yesterday by the railroad managers. These concessions, it was understood, were the dropping of three of the eight grievances the railroads have asked to have arbitrated with the demands of the men. The principal efforts of the mediators today were directed to

this question. As yet the federal commissioners have not yet been able to consider the original demands of the employees.

The many friends of Miss Annie H. beault of 110 Ford street will be sorry to hear that she is ill at her home.

Some music, No. Billerica, Fri. eve.

Another United Wall Paper Store's Big Mill-End Purchase

Mr. Wilson, the New England manager of the United Wall Paper Stores of America, whose Lowell store and general offices are located in the Colonial building, recently bought the entire warehouse stock of the Progressive Wall Paper mills of New York for all their New England stores at a spot cash price that will enable them to sell them in their chain of stores at actually less than the regular wholesale prices on these goods. This company is establishing new stores throughout New England and is one of the biggest factors in the distribution of wall papers in New England. The manager assures the public that their chain of stores and the way they buy their goods enables the public to save thousands of dollars yearly on their purchases. In addition to the pleasure of knowing they are buying new and stylish decorations when their homes are papered with papers that come from any of these stores. The big warehouse sale begins Friday morning.

This coupon is good for two votes when properly filled out and deposited in any contest store ballot box.

NAME OF CONTESTANT

NAME OF VOTER

Six consecutive coupons will be exchanged for a certificate good for fifty extra votes at any contest store. This coupon is void ten days after date.

NIDDELTOWN, N. J., July 24.—Mrs. Alice French, widow of William H. French, a well known four-wheel driver and socially prominent, was found dead in bed at her country estate here today. Death is ascribed to "natural causes" but was hastened, according to friends, by grief over the death of her husband a few months ago from the stroke of which she failed to recover.

Mrs. French was 70 years old. They two had no children and though their constant association became to be known as the "inseparable pair."

Some music, No. Billerica, Fri. eve.

Mr. and Mrs. Edward Paquette of Burlington street left last evening for Peckatewan, Canada.

Mr. Geo. Stevens of Elliot avenue recently returned from Lynn, where he has spent the last two weeks.

SCHOONER CRASHED INTO STEAMER

Gardner G. Deering With Bow Stoved in is Heading for Provincetown

HIGHLAND LIGHT, July 24.—The five masted schooner Gardner G. Deering with her bow stove in and headgear gone, through a collision with the steamer Slocum, came in from the southeast at nine o'clock this morning, heading toward Provincetown.

A large piece of canvas was pulled over the bow and the steam pump was working but the schooner showed no distress signals.

Shipped After Sunrise
The Deering, which belongs in Hingham, was sighted some distance off the cape two hours after sunrise but as she was moving slowly it was some time before she was abreast of this point and the extent of her injuries were discovered.

It was apparent that following the collision the Deering had been headed off shore before the wind in order to repair damages and that when she was in a condition to head for port she was many miles to the eastward of the cape.

Severe Experience
The schooner showed signs of having been through a severe experience in addition to having her bow completely shattered she had lost all her headgear while her cargo of railroad ties had been thrown forward by the shock of the collision. The steam pump was throwing over quantities of water but there did not seem to be any commotion among the crew and off here there was no means of ascertaining whether any member of the crew had been injured in the accident.

The Deering was built in Bath ten years ago and is 1721 tons net. She usually carries a crew of ten men. She is commanded by Captain Frank Nash.

The Slocum which sailed from Boston Tuesday for Philadelphia was in collision with the schooner that night. After the accident the schooner disappeared and it was feared she had gone down.

The steamer returned to Boston last night with a big hole in her port side. The Deering is bound from Moulle, Ala., to Boston with railroad ties.

MANY "JAWBREAKERS" IN BILL

Secretary Rose Was Dazed After Reading Some Articles in the New Tariff List

WASHINGTON, July 24.—When Henry H. Rose, assistant secretary of the treasury, arrived at his office today he wore a harassed, hunted look. His mood was not lifted when Senator Gallinger entered with a hearty "good morning" and an apparently radiant smile. Mr. Rose greeted him with a look of symptoms of apoplexy. This was the reason:

Secretary Rose, acting as reading clerk, was struggling through the first pages of the tariff bill yesterday when Senator Gallinger arose.

"We have now reached paragraph 24," said the senator gravely. "While the secretary has been doing very well I hope he will read this clearly and distinctly."

"Coal tar products known as anilins, oil and salts and various other articles," began Mr. Rose blandly, and halted.

"I protest," said Senator Gallinger; "he is not reading the complete paragraph."

Mr. Rose appealed to Vice President Marshall, but the latter was obdurate. Pitching his voice so it reached far outside the senate chamber and with agonized expression on his face, Mr. Rose called off the various items.

"Toluene, xylylene, cumidine, benzinol, benzidine, toluidine, naphthalene, diphenylamine, benzaldehyde, benzyl chloride, nitro-benzene and nitro-toluene, naphthalenesulfonates."

At this point the gravity of the senate gave way and the members joined

the galleries in a burst of laughter. Secretary Rose refused to be stopped. "Naphthalenesulfonates, amidonaphthol, sulfonates, amidonaphthol, sulfonates, amidonaphthol, sulfonates," he continued, "benzidine, toluidine, naphthalene, diphenylamine, benzaldehyde, benzyl chloride, nitro-benzene and nitro-toluene, naphthalenesulfonates."

Senate rules again were broken as he finished. Mr. Rose still is dazed.

FR. BURKE'S WILL
Filed for Probate in Framingham—The Estate Amounted to \$8000—Many Bequests

The will of Rev. Richard S. Burke, who was for many years at St. Patrick's church in this city, was on Tuesday filed for probate in Framingham, where for some years he has been pastor. The estate amounted to \$8000.

A bequest of \$1000 is made to St. John's seminary, Brighton, and there are gifts of \$500 to the Home for Destitute Catholic Children, \$250 to the Working Boys' Home of Newton Highlands, \$200 to the Camden Street Home for Infants, \$150 to St. Mary's Infant Asylum, Dorchester, and \$500 for the Propagation of the Faith society of Boston.

Amongst the private bequests are \$500 to his housekeeper, Ellen Quinn, and \$250 to his nurse, Cecelia McCarthy.

The testator's two brothers, Michael and James L. J. Burke, both of Boston, are named as executors.

EXCUSE ME

BOY STRUCK BY AUTO

Bat! Accident on Merrimack St. Last Night

Joseph Stolz, aged 5 years, was struck and knocked to the ground by an automobile last night about six o'clock, near the corner of Merrimack and Palmer streets. He was immediately removed to St. John's hospital where it was found that he suffered a fracture of the leg.

The automobile was driven by a man named W. T. Kimball of Lawrence and, according to the story told the police, he was driving down Merrimack street at a fair rate of speed when the Stolz lad started to cross the street. The driver of the machine immediately applied the brakes and the lad stopped as if to return to the sidewalk, but instead made another dash for the other side of the street and was struck in the leg by the machine.

Mr. Kimball, the owner of the machine, stopped his car and rushed the lad to St. John's hospital, where it was learned that his leg was broken and he had received several minor bruises. The auto owner then drove to the police station and reported the accident, but he was not held after giving his address to the police.

MORE LEAVE VATICAN

Mutinous Swiss Guards Left Today

ROME, July 24.—Another detachment of the mutinous Swiss guards left the Vatican this morning. Some of them threatened to make unpleasant revelations.

The commander of the guardsmen promised the pope today that the entire corps would be reestablished within a few weeks with new and more suitable elements.

CONGRESSIONAL COMMITTEE

Inspected Pneumatic Mail Tube Service to Boston Today—Will Report to Government

BOSTON, July 24.—The pneumatic mail tube service in this city was inspected today by a congressional committee appointed to report on the advisability of the government purchasing tubes in a number of large cities. A service company now leases postal tubes in Washington, Chicago, Cincinnati and Boston to the government for \$100,000 a year. The committee will make its report upon returning to Washington from this city.

KEEP OUT OF THE WATER

Manager Griffith of Senators Orders Players to Keep Away from Lake Michigan—Shanks Injured

CHICAGO, July 24.—Manager Clark Griffith of the Washington team has ordered his athletes to keep away from Lake Michigan when the Senators are playing here. This became known last night when it was learned that outfielder Shanks had a narrow escape from serious injury on Monday night when he dived into shallow water and but his head. He turned his ankle in scrambling to shore and will not be able to play for several days.

HIDDEN WOUND ON BODY

Sharp Instrument Driven Into Woman's Brain

NEW YORK, July 23.—An autopsy today disclosed the hidden wound that caused the death of Mrs. Emma Corduan, found dead last night under the bed in her home. The coroner's physician said a sharp round instrument had been driven through the roof of the woman's mouth into her brain. The police thought the wound could have been inflicted with a rat tail file and are looking for William Corduan, the murdered woman's husband, who is a slatemaker.

WOMAN 97, PERISHED

Miss A. Hewson Burned to Death

ROCHESTER, N. Y., July 23.—In a fire today which destroyed the home of George Benick in the village of Hall, Ontario county, Miss Anna Hewson, aged 97, was burned to death.

THE COMFORT STATION

Will be Opened on Saturday or Earlier

The sanitary station in Paiga street will be opened to the public this week. The electrical contractor completed his work today and after the gas heater has been installed in the boiler room and a general clean-up has been made, the station will be ready for use. It has cost somewhere in the vicinity of \$26,000 and while the expense has been considerably more than was at first estimated, the station was a necessity and is along the line of "permanent improvement." It certainly is a creditable piece of work and we surmise will win very favorable comment when opened to the public.

PARCEL POST PACKAGES

Railroads Protest Against Size Proposed by Postmaster General—Would Lose Money

WASHINGTON, July 23.—Representatives of railroads today formally protested to the interstate commerce committee against the increase of size of parcel post packages as proposed in the extension of the service by Postmaster General Burdick on the ground it would cost the railroads \$20,000,000 of revenue they now receive from express companies.

Estimated to \$10,000,000

NEW YORK, July 23.—William Zeigler, Jr., is entitled to \$4,000,000 which is the accumulated surplus income of the residuary estate of his father, the late William Zeigler, according to a decision by the surrogate yesterday.

A man named Francis O'Brien of Cumberland road has lodged a complaint with one of the aldermen to the effect that the Gage Ice Company has refused to put ice in his refrigerator and leaves it in the entry to be carried upstairs.

DR. SUN YAT SEN AGAINST YUAN

SHI KAI IN CHINESE REVOLUTION

WASHINGTON, July 24.—The province of Fukien has seceded from the Chinese republic, according to a dispatch to the state department from Consul Fowler at Fuchow. Fukien borders upon Kiangsi and Kwangtung, the two provinces which have already thrown off allegiance to the Peking government. The legation at Peking reports that the local government of Canton, in Kwangtung province, proposes to send 15,000 troops north within a week to engage the government forces. The provincial assembly has confirmed Chen Chiungming as military governor of the Kwangtung province and has appointed him commander in chief of the army which is to proceed against the northern forces. The declaration of independence by Kwangtung province is taken to mean that Dr. Sun Yat Sen, former provisional president of China, is leading the revolt. Dr. Sun was on the point of starting a revolution last April.

SLEEPING CAR BERTHS NO ARMS FOR MEXICO

Important Changes in Rules Being Considered

CHICAGO, July 24.—Important changes in the rules governing the reservation of sleeping car berths will be considered today by the executive committee of the Western Passenger Car association. Claiming flagrant abuses of the privilege of making advance reservations for berths, officials of many western railroads are in favor of shortening the time within which reservations may be made. Patrons may now claim reservations within 10 minutes of train time. Scores of reservations are made daily and not claimed. Some passenger officials favor the cancellation of reservations an hour before a train departs. Others advocate the Canadian plan which requires the travelers to purchase sleeping car tickets, refunding the price if the berth is not used.

WASHINGTON, July 24.—President Wilson has determined that no faction in the present Mexican revolution shall obtain arms or ammunition from the United States, and that neutrality must be observed in its strictest sense. This was the interpretation of the neutrality laws decided upon by the president yesterday after conferences with Senator Bacon and Representative Flood, chairmen of the two congressional committees on foreign relations.

While the Mexican rebels have been getting no arms heretofore, yesterday's developments mean that the Huerta administration will be deprived of the privilege previously accorded the Mexican government, and the United States will treat all sides alike in the present dispute.

RODE WOMAN ON RAIL

Was Carried Through Streets of Volo, Ill.

WAUKEGAN, Ill., July 24.—The eight women of Volo, near here, who rode Mrs. John Richardson on a rail through the streets of the village recently must answer to the Lake county grand jury for their act. State's Attorney Ralph H. Bady announced today that evidence is being taken against members of the party.

Mrs. Richardson was called to the porch of her residence one evening last week by a neighbor, a powerful woman, who threw her arms around Mrs. Richardson and carried her to the street, where several other women were waiting with a long fence rail. They carried their screaming prisoner down the main street and back on the rail.

As a reason for their act, the women asserted they believed Mrs. Richardson to be too friendly with her brother-in-law. Mr. Richardson, who is a cripple, aided his wife in leaving Volo at once and she now is in Chicago.

SIX BUILDINGS BURNED

Fire Said to be of Incendiary Origin

GLOUCESTER, R. I., July 24.—Six buildings in the little village of Chepachet with a number of barn houses and outbuildings were destroyed by a fire which is believed to have been of incendiary origin early today. The buildings, which included the Chepachet hotel, two cottage houses and three barns were small wooden structures and the loss will not exceed \$20,000.

BILLERICA

The Ladies of the G. A. R. enjoyed an outing at the grounds adjacent to the home of Mrs. Harry Wain in South Billerica yesterday afternoon. A large number of the ladies attended the event and an enjoyable afternoon was spent by all. Refreshments were served and the hostess was given a vote of thanks for the entertainment furnished.

Norman Ellis, son of Mr. and Mrs. Joseph Ellis of Wilson street, recently underwent a successful operation at the Massachusetts General hospital and is now convalescing at the home of his parents on Wilson street.

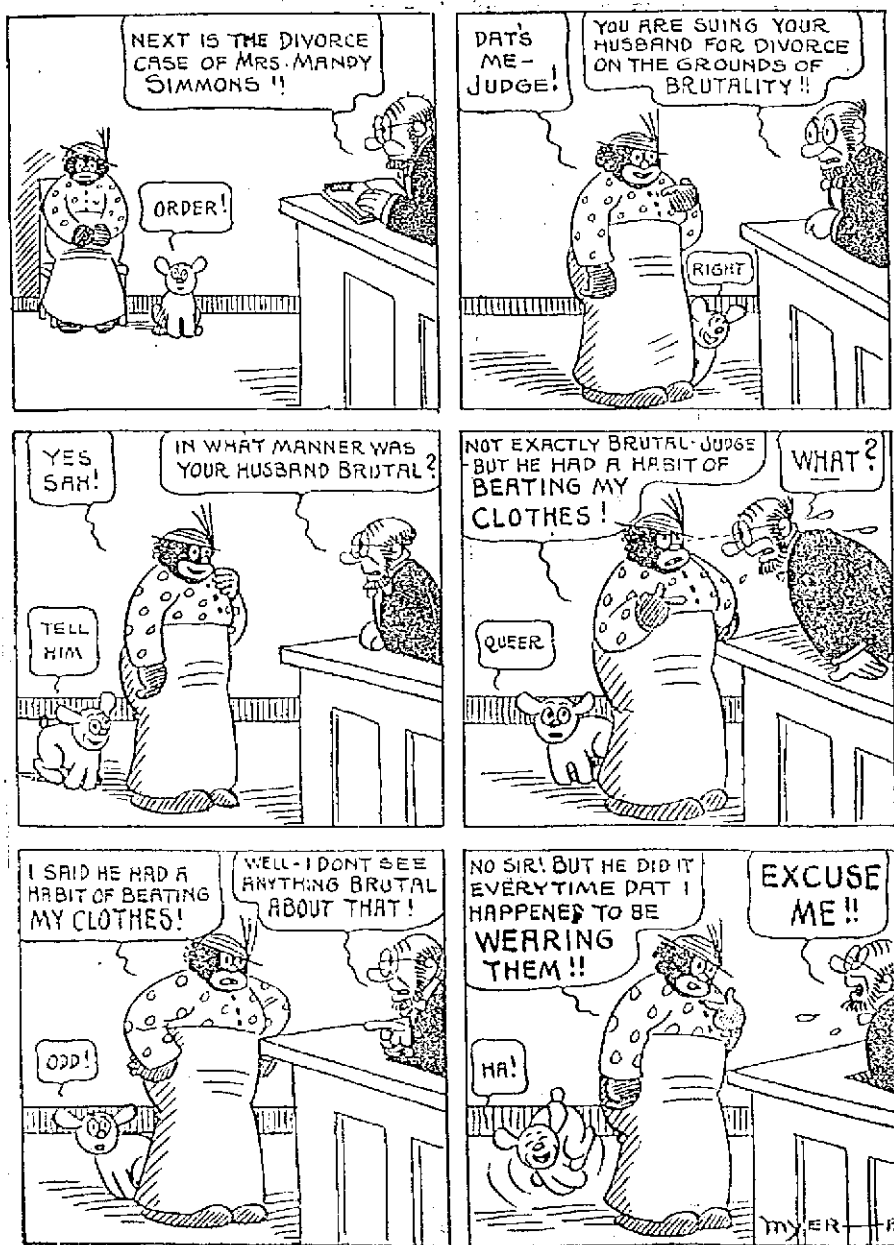

HURRICANES IN ITALY

Entire Lake District Was Devastated

MILAN, July 24.—The entire Italian lake district was devastated during last night and today by terrible hurricanes. The effect of the storm is felt throughout Italy, where the temperature has fallen considerably.

Protect Meadow Lark

WASHINGTON, July 24.—Protect and encourage the meadow lark, for its principle diet consists of cotton boll and alfalfa weevils, grasshoppers and predaceous ground beetles, advises the department of agriculture. While the bird, it is acknowledged, does some damage to sprouting grain, its value as a destroyer of injurious insects is shown to be far greater.

ST. JOSEPH'S COLLEGE

Program Arranged For
Alumni Reunion

An enthusiastic meeting of the members of St. Joseph's college alumni was held Tuesday night in the college hall in Merrimack street. Over two hundred members were present and the meeting was presided over by President Wilfred P. Caisse, Jr.

The gathering of the young men was for the purpose of completing all arrangements for the second annual reunion of the alumni which will be held in this city on August 7. The secretary of the alumni gave a report of the meetings of the executive committee, explaining the work done

so far in the organizing of the event, and he also read the list of the members of the alumni who are in good standing. This report was followed by that of the treasurer, which showed that the association is in very good financial condition with a substantial sum in the treasury.

The membership committee reported that several new members were recently entered upon the roll, and that many former pupils of the college have signified their intention of becoming members. A letter from Rev. Bro. Chrysseuil, S. M. of Montreal, Quebec, to the effect that he will attend the reunion was read, and it was also announced that several former teachers of the school will be in attendance.

It was decided that the members of the alumni attend a solemn high mass at St. Joseph's church on the day of the reunion, the mass to be celebrated at nine o'clock by priests who were former pupils of the college, and for this occasion Mr. Telesphore Malo, chairman of St. Joseph's church is preparing an elaborate musical program. The choir will sing the Mass of the Angels in four

parts and at the offertory it will render Rossini's "Agnus Dei," the solo to be sustained by Mrs. Telesphore Gagnon alone.

At the conclusion of the church service the out-of-town guests will be given an automobile tour around the principal sections of the city, the machines to be supplied by members of the alumni, and at one o'clock special cars will be ordered for Long Pond, where the outing will be held. An elaborate list of sports and a baseball game will be the features of the program.

In the evening a banquet will be held at the college hall, and it was decided that the D. L. Page Co. will do the catering. The toastmaster will be the president of the alumni, Wilfred P. Caisse, Jr., while the speakers and the toasts they will respond to will be as follows:

"The Parish," Rev. Henri Watelle, O. M. I., "The Absents," Rev. C. V. Choquette, M. A., "Canada," Rev. L. A. Nolin, O. M. I., of Lowell; "Our Object," Rev. Bro. Bernardin, S. M., Lowell; "France," Rev. Bro. Priscillienus, S. M., Quebec; "Souvenirs of 20 Years," Rev. Bro. Chrysseuil, S. M., Montreal; "Catholic Education," Rev. C. L. Bedard, "Marist Brothers," Rev. Bro. Sylvain, S. M., Manchester; "City of Lowell," Mayor James E. O'Donnell; "Our Motto," Rev. Joseph M. Blais, O. M. I., Lowell; "Our Societies," Rev. Leon Lamothe, O. M. I., Lowell; "Professions," Justice Victor Boire, Plattsburg.

DRUGGISTS' OUTING

List of the Prize Winners in the Various Athletic Contests at Bass Point Yesterday

It was a merry group of druggists that arrived in Merrimack square shortly before 12 o'clock last night returning from the annual outing held at Bass Point which was reported in yesterday's Sun. Everything connected with the outing had been a great success and much credit is due the committee in charge for yesterday's enjoyable affair. The sporting events were very closely contested. Only one first and one second prize was allowed one person so that the list of prizes would not be carried away by one man. Joe Gumb, the popular clerk at Dows' drug store, seems to be the star athlete of the association, and started out by capturing first prize in the first event and second in the next and only the rule which barred him from entering other numbers stopped him from bringing home the majority of the prizes. Joe also starred in the baseball game that was played between the soda clerks and the druggists, the former winning by a score of 19 to 8. The battles were: Soda clerks, Gumb and Lalline; Druggists, O'Neill and Parthenais.

The results of the sporting events follow:

100 yard dash: First, Joe Gumb, pair of military brushes; second, Allen Lalline, gent's folding umbrella; third, O'Day, watch.

50 yard backward run: First, Chas. Devno; auto stop shaving outfit; second, Joe Gumb, cut links.

75 yard dash, with somersaults at 25 and 50 yard mark: First, Allen Lalline, watch fob; second, McOsker, watch.

Three standing broad jumps: First, McOsker, distance 25 feet, 3 inches; Gillette razor.

75 yard propellers' race: First, O'Neill, gent's traveling bag.

Traveling man's 75 yard race: First, Jackson of Gliman Bros., Boston, a traveling case.

Four man relay race, the winning team getting four bronze medals: Won by Lalline (captain), Devno, O'Brien and McOsker.

Engineers to Parade

At the meeting of Local 352 of the International Steam Engineers held at 36 Central street last night it was voted to turn out in the Labor day parade and an invitation was extended to the Lowell locals to take part in the celebration on that day. A committee on parades, regalla and entertainment was appointed, and Edmund Ryan was selected as aide to the chief marshal. Considerable routine business was transacted and refreshments were served.

MULHALL READ RIOT ACT TO COLE

Because of His Opposition to Former Speaker Cannon— Other Letters Read

WASHINGTON, July 24.—Martin Mulhall's correspondence first put in the record of the senate lobby investigation committee today concerned his efforts to beat Rep. Herbert Parsons of New York for re-election in 1910, told of reading the riot act to Representative R. D. Cole of Ohio because of his opposition to former Speaker Cannon and gave further details of Mulhall's efforts to beat the candidacy of George Gordon Battle for governor of New York.

Feb. 7, 1910, Mulhall wrote John Kirby, Jr. about the fight on Cannon and added:

"Mr. Sherman confidently stated to me that President Taft is now being made aware of the many good things our association has done for the republican party for the last seven years and he assured me the president would not press any labor bills at this session of congress and at the close of my interview I was more than ever confident of complete success in Washington. This winter I am writing to General Manager Bird Mulhall said:

Start Trouble in Baltimore
"We intend to start more than in Baltimore among the politicians than

The WHITE STORE
114 Merrimack Street.

CITY OF LOWELL, July 22, 1913.
Notice is hereby given under Chapter 109 of the Revised Laws, that Clarence E. Cunningham, Mary I. Cunningham, C. E. Cunningham & Co., have applied for a transfer of a license to sell intoxicating liquors, of the first class as provided by Chapter 109, to 119 Northern street, and one unnumbered door through bulkhead and passageway in rear of said 119 Northern street, to 125 Fayette street, bulkhead and passageway leading from Fayette street, and unnumbered door in rear of said 125 Fayette street, to two rooms at 125 Fayette street, to be kept, but not sold, in cellar.

By order of the License Commission, JOHN J. MULLANEY, Chairman.

bury Centre, where the burial service was read by Mr. Chamberlin. The funeral was under the direction of Undertakers Young & Blake.

FRANKVILLE.—The funeral of George Frankville took place yesterday afternoon at 2 o'clock from the home of his parents, 17 North Franklin street, and was largely attended. There were many beautiful flowers, including a large yellow one from the "Our Darling" from the parents' basket of cut flowers with inscription "My Nephew" from Miss Della Jordan. Other flowers were sent by the Hamilton and Lang families and Mrs. Patrick Hamilton, the Kelley family, Mrs. Burke and Miss Della Jordan, the grandparents, Mr. and Mrs. Lynch, Mrs. Thomas Jordan, children of neighborhood and from a friend. The bearers were George Hamilton, John Langdon, Thomas Langdon, Raymond Connelley, John Molloy and Walter Boland. At the grave, Rev. P. Doherty of St. Patrick's church read the committal service. Burial was in St. Patrick's cemetery, in charge of Undertakers J. F. O'Donnell & Sons.

LANG.—The funeral of Walter Lang took place yesterday afternoon at 2:30 o'clock from the home of his parents, James E. and Ellen Lang, 192 High street, and was well attended. Among the many flowers were the following: Yellow lilies from "our Walter" from James Lang and family; spray inscribed "Walter" from Mrs. Frank Lang; others who donated flowers were Mrs. Shee and family, Mildred Entwistle, Mrs. J. W. Clements, Elliott and Howard Wood, the Misses Larney, the Pinkey family, Alice and Claude Cassius, Mrs. J. Gardner, once opposed by the manufacturers. Mulhall swore Gardner had "surrendered completely" and that in consequence he was in his district to help him. Mulhall visited Gardner and was particularly anxious to help with 4000 employees of the Reeling lion works at Trenton.

DEATHS

KINSELA.—Rose A. Kinsele, a well-known resident of Draught, died yesterday at her home on Kinsele avenue, Draught. She leaves to mourn her loss, two sisters, Miss Elizabeth of Draught, and Mrs. Ellen Carney, and one brother, John F. Kinsele, and nephews, Charles L. George P. and Arthur J. Kinsele, and Edward J. and Albert Carney, and three nieces, the Misses Mary R. and Loretta M. Kinsele, and Miss Loretta Carney, all of this city.

CHAMPAGNE.—Miss Jeanette Champagne, aged 11 years, four months, 20 days, died yesterday afternoon at the home of her parents, 514 Moody street, after a brief illness. She leaves, besides her father and mother, Mr. and Mrs. Octave Champagne; four sisters, Mrs. Arthur Cantin of Boston, Mrs. Leo Vigeant, Mrs. Frank Kenyon and Miss Juliette Champagne, all of this city; also two brothers, Masters Romeo and Leon Champagne, both of this city.

RYAN.—William J. Ryan, Jr., the infant son of William J. and Annie Ryan, died yesterday afternoon at the home of his parents, 6 in the rear of 239 Fayette street, aged 7 months.

JONES.—Helen Jones, only daughter of Albert H. and Ada F. Jones, died yesterday at the home of her parents in Billerica, aged 15 years, 4 months and 22 days. Besides her parents, she is survived by one brother, Alden.

SHEARER.—Died in this city July 24, at the home of her parents, 17 Crowder street, Mary Shearer, aged 10 years, 10 months and 21 days. She leaves to mourn her loss her parents, John P. and Catherine Shearer.

MURRAY.—John J. Murray, a resident of St. Patrick's parish, died this morning at the Lowell hospital. He is survived by his mother, Mary, and a brother, Bartholomew. The remains were removed to the warehouses of Undertaker Peter H. Savage.

FUNERALS

ADAMS.—The funeral of Mrs. Amos R. Adams took place yesterday afternoon from her late home on Lowell street, Chelmsford. The Rev. L. L. Greene officiating. There were many floral offerings. A quartet composed of Miss Ella B. Thompson, J. F. Fleming, Arthur T. Mann and Warren Reid sang "Abide With Me" and "The Homestead." The bearers were E. W. Secretary, W. A. Mitchell, Sherman Day and F. X. A. Burdick. Burial was in the family lot in Foresters cemetery, arrangements being in charge of Undertaker Perham of Chelmsford.

ABDOTT.—The funeral of Katharine M. Abbott was held yesterday afternoon at 2 o'clock from her late home, 21 Fairmount street. The simple service without music was conducted by the Rev. Ed. John of St. Anne's and the Rev. Wilson Waters of All Saints, Chelmsford. Frederick P. Marble had general charge of the arrangements, and the bearers were Hon. John Jacob Rogers, Edward N. Burke, Ralph E. Beebe and Philip S. Meriden. Interment was in the family lot at the Lowell cemetery. Undertaker G. W. Healey in charge.

JONES.—The funeral of Mrs. Abbie E. Jones took place from the home of her sister, Mrs. Fred Amadon, 760 Essex street, yesterday afternoon at 2 o'clock. The services were conducted by Rev. C. L. Chamberlin of Warren, N. H. Mr. John S. Moir sang appropriate selections. The bearers were Messrs. R. K. Dineen, A. W. Jones, Frank W. Brault and Fred C. Amadon. The flowers were many and beautiful. Burial was in the family lot at Tewksbury.

Something Now In Travel To the
Yellowstone Park

That glorious trip through the Yellowstone Park can be made this summer in unusual comfort and with added interest. Our railroad, "The Burlington" will run a luxurious Pullman car daily from Chicago, for 300 miles by daylight through the wonderfully beautiful valley of the Mississippi river. "The Father of Waters" and direct to Gardiner, the entrance to the park. Furthermore, once every week we shall provide a special conductor, who will go with this car and accompany the occupants throughout the entire trip, pointing out and explaining everything of interest, and carefully looking after the comfort of our guests. No extra charge for this extra service.

May I have the privilege of telling you more, sending you maps, pictures and descriptions of the Valley and the Park (free charge)? I would like to help you plan the trip and look after the details for you. That's what I'm paid to do.

Alex. Stocks, New England Pass Agent, C. E. & Q. R., 264 Washington St., Boston, Tel.

FUNERAL NOTICES

O'CONNOR.—The funeral of Miss Mary O'Connor will take place Friday morning at 8 o'clock from her home, 53 Adams street. A mass of requiem will be sung at St. Patrick's church at 9 o'clock. Burial in St. Patrick's cemetery. Undertakers J. F. O'Donnell & Sons in charge.

KINSELA.—The funeral of Miss Rose A. Kinsele will take place from her home on Kinsele avenue, Friday morning at 8 o'clock. High mass of requiem will be sung at St. Michael's church, this city, at 9 o'clock. Burial will be in the family lot in St. Patrick's cemetery. Undertaker Geo. E. McKenna in charge.

SILVERMAN.—The funeral of Mary Silverman will take place Friday afternoon at 3 o'clock from the home of her parents, 17 Crowley street, under the direction of Undertaker John J. O'Donnell.

WILLIAMS.—The funeral of William Williams, aged 69, will take place Sunday afternoon at 2:30 o'clock from the Evangelical church. Friends are invited to attend. Funeral in charge of J. A. Weinbeck.

McKELVEY.—Died in this city, July 24, at the home of his parents, Mr. and Mrs. James McKelvey, 17 Bourne street, Francis H. McKelvey, aged 2 months. Funeral services from the home Friday afternoon at 3 o'clock. Friends invited. Undertakers Young & Blake in charge.

JONES.—Died in Billerica, July 23, Helen Jones, aged 15 years, 4 months, 24 days. She leaves besides her father and mother, Mr. and Mrs. Albert H. Jones, one brother, Alden. Funeral services from the home, Jones' corner, Billerica, Friday afternoon at 2:30 o'clock. Friends invited. The funeral arrangements are under the direction of Undertakers Young & Blake.

MURRAY.—The funeral of the late John J. Murray will take place from the warehouse of Peter H. Savage, in Worthen street, at 3:30 o'clock, Saturday morning. High mass of requiem will be celebrated in St. Patrick's church at 9 o'clock. Burial in St. Patrick's cemetery. Undertaker P. H. Savage in charge.

The Kasno

The music of 30 or 30 years ago and of earlier times is always acceptable far more so than present day melodies which are popular today and are gone tomorrow. That is why the Kasno management arranges an "old times" night on Wednesday every week, with a big orchestra playing the good old tunes in a free concert preceding dancing and during the happy hours that follow. The people certainly appreciate the opportunity before them.

Some music, No. Billerica, Fri. eve.

Until a short time ago, scarcely one person in a thousand had ever tasted a really good soda cracker—as it came fresh and crisp from the oven.

Now everybody can know and enjoy the crisp goodness of fresh baked soda crackers without going to the baker's oven.

Uneeda Biscuit bring the bakery to you.

A food to live on. Stamina for workers. Strength for the delicate. Give them to the little folks. Five cents.

NATIONAL BISCUIT COMPANY

CUT WIFE WITH CLEAVER

Colored Chef Arrested at New Haven

NEW HAVEN, July 24.—Jesse Conyers, a colored chef on a New York, New Haven & Hartford dining car, was arrested here today for the Jersey City police. He is alleged to have inflicted serious injury on his wife with a meat cleaver at their home in that city early this morning.

42-ACRE HOSPITAL SITE

Continued

O'Donnell said: "I believe that statement has been made but I do not know that it is true. The council's only aim is to agree upon a suitable site and break ground for a hospital."

"The municipal council expects to visit the Pillsbury estate, perhaps tomorrow and then, I presume, we will know what we are going to do about it. I hope that we will get underway to build a hospital within thirty days."

Another New Site
A tract of land owned by Lizzie McClean Carney in Pawtucketville and consisting of about 42 acres has been offered for the sum of \$5000 and the offer holds good for thirty days. The following letter received at the mayor's office this forenoon and filed with the city clerk, explains the site:

Lowell, Mass., July 24, 1913.
To the Municipal Council, City of Lowell, Mass.
Gentlemen: I am the owner of a tract of land in Pawtucketville, consisting of forty-one and three-quarter acres, 31 acres of which are in Lowell, and ten and three-fourth acres in Draught. The major part of the tract is on very high land commanding an imposing view to the west and north and also overlooking the city itself.

There is on this tract, an artesian well, six inches in diameter and drilled 235 feet through solid rock. The water of excellent quality and an unlimited amount. I enclose a sketch showing the location and the property. I offer this tract for a period of 30 days, to the city of Lowell, for the sum of \$5000.

Respectfully,
Lizzie McClean Carney.
By Edward B. Carney.

The Pillsbury Estate
The Dr. George H. Pillsbury estate is offered for sale by Walter E. Guyette, he having the exclusive agency of the property. The lot has a total area of 11-1/2 acres, divided in part for garden purposes, pasture and for raising hay. The property is provided with its own drainage system, also its own water supply from a well 22 feet deep and 10 feet wide, supplied to the house by means of a gas engine. "For a hospital site," says Mr. Guyette, "it is without a peer in Lowell. Inasmuch as it is distant from immediate houses, yet within ten minutes' walk of the electric cars, it sets on a crest by itself overlooking the winding and historic Merrimack, and its land, extending to the banks, gives the city a water right that is valuable."

"For convalescent patients it is ideal, for the opportunity to roam over 11 acres of land heavily wooded in one of nature's own beauty spots is most admirably presented. The property is in Rivercliffe road, off Andover street.

"On the land is located a three-story house containing 14 spacious rooms, with all the modern facilities, open plumbing, bathroom, three toilets, scullery, wash trays in a large laundry, numerous linen drawers, plentiful supply of closets, a solid concrete basement; the cellar is divided with its different apartments for their special uses; there is a practically new steam heating apparatus. The house is adorned with large open verandas on front and sides, a stable built of the heaviest of such construction, interior is finished in matched sheathing, a cellar under the whole, lighted and supplied with running water. Surrounding the buildings on all sides are spacious and beautifully kept lawns and a goodly amount of shrubs and heavy shade trees.

"The house could be remodeled so as to constitute the main part of the hospital, thus saving the city great expense.

IN MOB OF 500 MEN

Sheriff of Calumet Notifies Governor

LANSING, Mich., July 24.—The governor's office this afternoon received a message from the sheriff at Calumet stating he was in the hands of a mob of 500 men and that another mob of 500 was on the way to Calumet from Amnec, a small mining town near Calumet.

EXECUTIVE OFFICE URGED TO SEND TROOPS TO CALUMET, MICH.

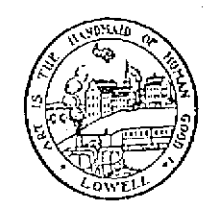

LANSING, Mich., July 24.—The first direct information received at the executive office during the governor's absence was contained in a telegram received shortly before noon today from J. W. Black of Houghton county. He telegraphed:

"Look officials unable to handle the situation. A lot of disorder and violence last night and you are justified in sending troops at once. Business men and best schoolkeepers urge that all schools in Houghton county be closed."

Samoset Campers, No. Billerica, Fri.

Governor of Hawaii
WASHINGTON, July 24.—President Wilson today nominated Lee Pinkham of Hawaii to be governor of Hawaii.

PROPOSALS

Addition to Greenhalge School

Sealed proposals will be received, from local contractors only, at the office of the Commissioner of Public Property on Saturday, August 2nd, 1913, at 10 a. m., for the construction of an addition to the Greenhalge school on Emmet street for the City of Lowell, in accordance with plans and specifications furnished by Henry L. Bourke, Architect.

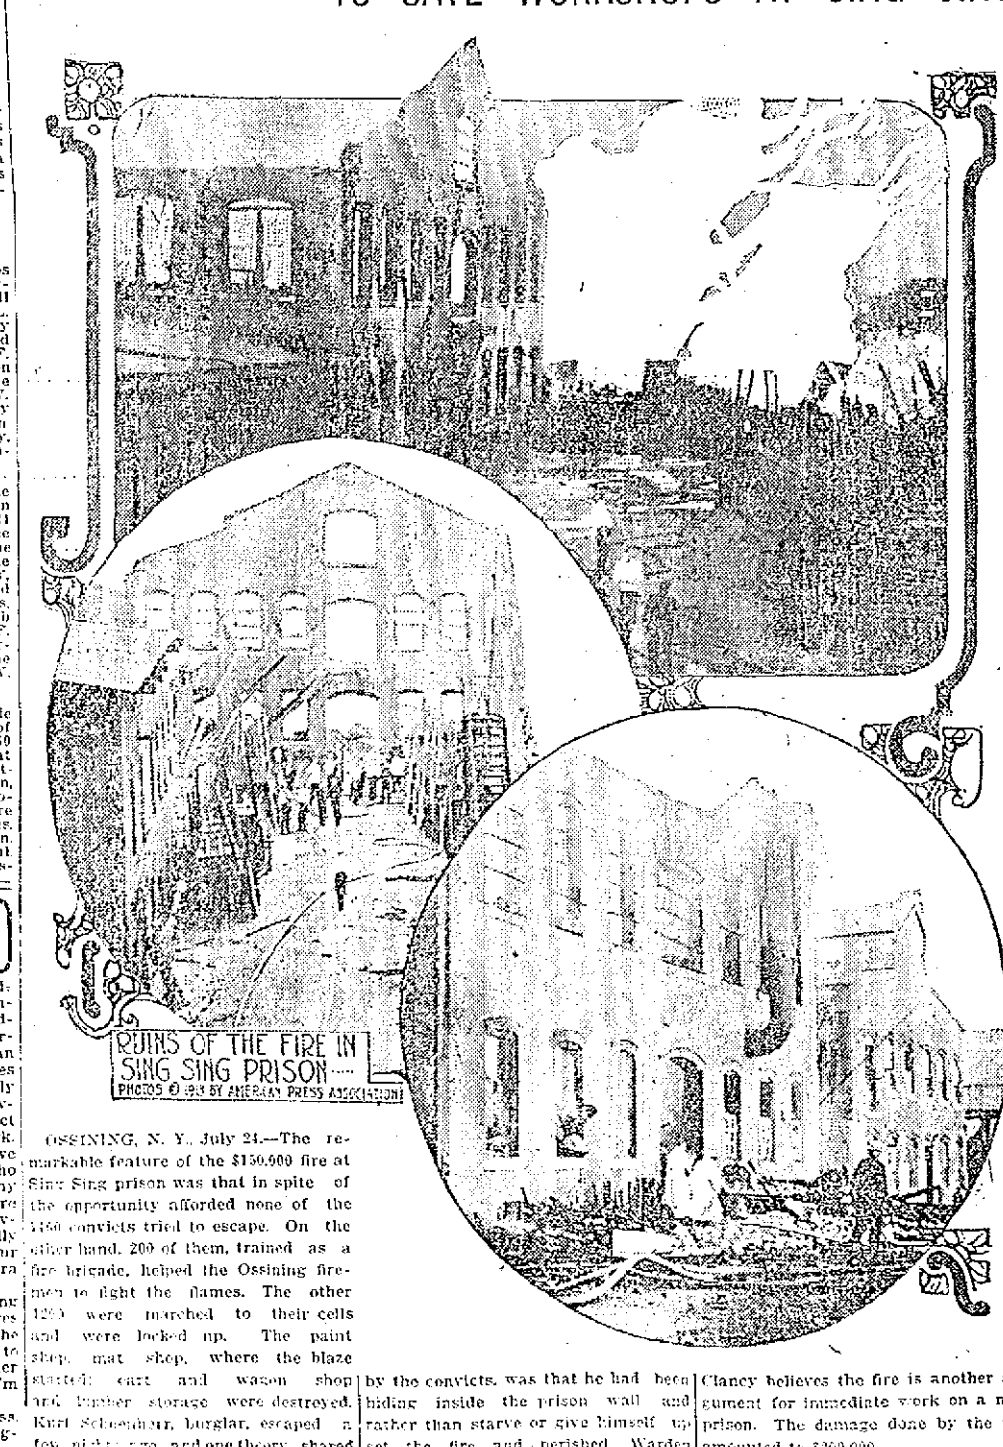

The work will be let as a general contract with the exception of heating and plumbing which will be let separately.

Each proposal must be on a blank form furnished by the Commissioner of Public Property and no other form will be received. Each proposal must be accompanied by a certified or cashier's check made payable to the Treasurer of the City of Lowell, and forfeited by the contractor should he refuse to sign the contract at any time within three days from the time proposals are opened. The amount of the check must be 10% of the price mentioned in the proposal.

Each contractor must be prepared to give bond to the amount of 25% of the contract price, cashed on the satisfactory execution of the contract, as required by plans and specifications. Drawings and specifications may be seen at the office of the Commissioner of Public Property and Licenses. The Commissioner of Public Property and Licenses reserves the right to reject any or all proposals.

LAWRENCE CUMMINGS,
Commissioner.
FRANCIS A. CONNOR,
Inspector of Buildings.

CONVICTS JOIN FIREMEN IN VAIN ATTEMPT TO SAVE WORKSHOPS AT SING SING

RUINS OF THE FIRE IN
SING SING PRISON
PHOTO BY AP ASSOCIATED PRESS

OSSENING, N. Y., July 24.—The remarkable feature of the \$130,000 fire at Sing Sing prison was that in spite of the opportunity afforded none of the 150 convicts tried to escape. On the other hand, 200 of them, trained as fire-fighters, helped the Ossening firemen to fight the flames. The other 125 were marched to their cells and were locked up. The paint shop, mat shop, where the blaze started, cart and wagon shop and lumber storage were destroyed. Karl Schenker, burglar, escaped a few nights ago, and one theory, shared by the convicts, was that he had been hiding inside the prison wall and rather than starve or give himself up, set the fire and perished. Warden Clancy believes the fire is another argument for immediate work on a new prison. The damage done by the fire amounted to \$200,000.

THOUSANDS IN DAILY PERIL

Piers, Floats and Runways in Boston Are Unsafe

Investigation Follows Lawrence Bath House Disaster

BOSTON, July 24.—Thousands of Bostonians are in daily peril of losing their lives, and accidents as appalling as that which recently resulted in the drowning of 11 boys at a bathhouse in Lawrence are apt to happen in this city at any time, according to a report which Mayor Fitzgerald received from the board of street commissioners yesterday.

Rotten piers over which thousands of men, women and children travel almost hourly, dilapidated floats and unsafe runways to the number of 25, are in use by the public in this city, the report says. The conditions at three municipal bathhouses were scored.

The report, which created a sensation at city hall, was the result of an investigation made by Chief Engineer Frank C. Whitney of the street laying-out department.

This investigation was ordered by the mayor as the result of the Lawrence accident and as soon as the mayor received the report, yesterday, he directed that all of the places criticized, which are owned by the city, be immediately repaired. He also gave orders to have the proper steps taken to compel the owners of the privately owned places to have the defects pointed out in the report, remedied at once.

is visiting Mrs. E. R. Leland, of High street, Chestnutford Centre.

Mr. William E. Carleton, formerly clerk at the Richardson hotel, has purchased the Osgood hotel, Suncook, N. H.

Miss Mary Matthews of High street is spending her vacation visiting friends in New York city and also in New Jersey.

Rev. and Mrs. S. A. Jackson of the Westminster Presbyterian church, and daughter, Louise, will spend the next three weeks in South Ryegate, Vt.

Mrs. W. C. Royce and daughter, Marion, of 213 Shaw street, are spending the summer at the home of Mrs. George Hadley of South Lyndeboro, N. H. They will return the middle of September.

The localerie of Eagles is planning a large initiation at Old Fellows hall next Sunday afternoon. At the meeting held Tuesday night over 50 applications for membership were voted on and 100 applications were received.

Mr. and Mrs. Ernest Pineault, of 19 Potter street, have gone to Canada.

Summer complexion troubles will be a thing of the past if you apply daily to the face, neck and throat a magister lotion made by dissolving an original package of mayonaise in a half-pint witch hazel. This does rapidly, imparts a velvety smoothness and healthy tint to the skin and is far superior to powder, because one application lasts an entire day and it is actually invisible when on the face. The mayonaise lotion banishes the oily, shiny, washed-out condition and readily dispels tan, freckles and other complexion ills without any danger of growing hair.

Today's Beauty Recipes

By Miss D. Smith

"It is an easy matter to banish objectionable hair of fuzz from the face or neck without pain or injury to the skin if a delicate paste is used. A little powdered delatone is mixed with water to form a thick paste and applied to the hairy surface for two minutes. Then removed and with it will come every trace of hair. The skin should then be washed to remove the remaining delatone and it will be firm and free from spot or blemish.

Summer complexion troubles will be a thing of the past if you apply daily to the face, neck and throat a magister lotion made by dissolving an original package of mayonaise in a half-pint witch hazel. This does rapidly, imparts a velvety smoothness and healthy tint to the skin and is far superior to powder, because one application lasts an entire day and it is actually invisible when on the face. William M. Clark, a well known Lowell man who has been stationed at Ellis Island as board secretary, department of commerce and labor, has been transferred to Boston and promoted to the position of immigrant inspector. The promotion carries with it a substantial increase in salary.

Tomorrow is the date set for the annual reunion and outing of the Sixth Massachusetts Regiment association to be held in the vicinity of Boston. All members of the association are urged to assemble promptly at Rowe's wharf at 11 o'clock in the morning. A sail down the harbor will be the first item on a varied program, the boat leaving for Nantasket at 11:20. A shore dinner will be served at the Palm Garden, Nantasket beach at 1:30, after which the party will make a trip through Carson park.

ARREST SUFFRAGETTES

Caught in Act of Setting Fire

GLASGOW, Scotland, July 24.—Two suffragettes, Margaret Morrison and another woman who refused to give her name, were arrested here today when on the point of setting fire to a large mansion in a suburb of Glasgow which was at one time the residence of the late Sir John Muir, a former Lord provost.

The attention of the police was attracted to the house this morning and they entered. Inside they found a woman standing with a match in her hand near piles of combustibles which had been heaped against the doors. Shortly afterward Margaret Morrison confessed a chimney in which she had been secreted. She was covered with soot.

A quantity of suffrage literature was found in the house.

MATRIMONIAL

WHEAT-FLINT

Miss Rachel Flint, the daughter of Mr. and Mrs. Joseph A. Flint, of this city, was married to Dr. Arthur F. Wheat, of Manchester last Saturday. The ceremony took place at the home of Judge Harry E. Loveren, of North Union street, Manchester, at 5:30 o'clock.

The wedding arrangements were so quietly and cleverly arranged that none of the intimate friends of the young couple knew that they were married until Tuesday.

Dr. Wheat is one of Manchester's most popular physicians, while Miss Flint is well remembered by her friends in this city, being a graduate of the high school and a member of the once famous girls' basketball team of that institution. For the past three years she has been employed in the Manchester public library.

Dr. and Mrs. Wheat will make their residence at 1587 Elm street.

ANOTHER FIRE AT SING SING

Continued

warden as yet has been unable to place the blame.

When the fire broke out today in the clothing shop every precaution was taken to guard against the escape of convicts. While the guards and the "trusties" detailed to a fire duty were attacking the flames, more than a thousand prisoners locked in their cells raised a chorus of yells that sounded high above the noise of the alarm. The men at work in the building were marched out in good order and the blaze was extinguished after most of the contents of the shop had been tossed out of the windows and drenched with water.

Warden Clancy attributed the disturbances among the convicts to a recent order for the transfer of some of them of the state prison at Auburn. Most of the prisoners at Sing Sing come from New York city and vicinity and object to being spent up in the state where their friends and relatives will find it difficult to visit them. The men to be transferred are second term prisoners. It was this element that led the mutiny yesterday which at first promised to develop into an organized attempt at prison delivery.

The convicts also charge that they are being improperly fed and cared for and that this neglect is due to the removal of two of the old employees who had charge of the prison food and the substitution of inexperienced men.

RIOTS FOLLOW CALUMET TIE UP

Continued

Hancock mines, which also worked yesterday, suspended last evening.

Mining Captain Thomas Mathews of the Calumet & Hecla was attacked by strikers last night and knocked unconscious. A large body of strikers went from one shaft to another at the Calumet & Hecla and Tamarack and several local employees were attacked with stones and painfully hurt.

At number 2 case house of the Calumet & Hecla, a body of strikers was prevented from taking possession by the mining captain, who drew a revolver and threatened to shoot.

This morning strikers gathered about the shafts to keep the men with dinner pails away. A large number of deputies have been sworn in and it is believed they can control the situation for the present at least. It is under-

stood the companies will make no effort to reopen the mines.

Fight Took Place

Several fights took place during the morning. One was against the Calumet & Hecla properties. Shortly before noon 300 men armed with steel drills, clubs and stones and a few of them displaying and firing revolvers, divested of their stars all the deputies stationed at number 2 conglomerate shaft of the company. The strikers then moved over to the Hecla branch mine and repeated their tactics.

Several men were badly beaten and sent to hospitals in the fights that developed.

The strikers also visited all surface plants of the companies affected and closed them.

GOV. FERRIS WILL NOT GRANT REQUEST FOR TROOPS

AT HINES

BAY CITY, Mich., July 24.—Gov. Ferris on his way to Alpena, but delayed here by a train wreck, said today that he would not grant Sheriff Crane's re-

quest for troops in the copper mine strike district except as a last resort to protect lives. He said he believed the sheriff's message was un-derstandable.

Office and Yards Gormam and Dix Streets.

Telephones 1180 and 2480. When one is busy call the other.

A BIG DEMAND FOR SEWER CONSTRUCTION

More Work Done This Year Than
in Any Previous Year—More
Money Needed

If the street department does all of the sewer work petitioned for this year it will be necessary to borrow money to do the work. The work that has been done and the work that is under way will eat up about all of the \$50,000 blanket loan made at the first of the year. It has been stated, too, that more sewer work has been done thus far this year than for a corresponding period in any former year.

Discussing the sewer work for the year with The Sun reporter, City Engineer Kearney said: "There has been a big demand for sewer construction this year. A great many streets have been developed for building purposes and there have been many calls for proper sewerage facilities. Petitions for sewers continued to pour in and if we are to accommodate all of the petitioners more money will be necessary. Up to date there is no money in the municipal fund for sewer work amounting to about \$50,000, the amount of the blanket loan made at the beginning of the year."

The following list of sewers and sewer work done during the year and work now underway was supplied by

Mr. Kearney:

Street	Length	Size	Estimate
Dundee	220	10	\$ 707
Fisher	250	10	825
Hawthorne	150	12	545
James	211	10	648
Palin	200	10	615
Arch	150	10	3555
Aberdeen	150	10	1600
Fleming and New	530	12-10	1680
Oliver and Sher-	350	12	1070
wood	350	12	1141
Parker	350	12-10	1450
West Sixth	150	10	700
Waverly avenue	130	12	522

The department is now working on Lawrence street. The length of the sewer there is 2170 feet, 10 and 8-inch pipe, and the estimated cost is \$3900.

The department is also working in Gorham street, lowering the old sewer and putting in new sewer, 925 feet, 20 by 24-inch brick, estimated cost \$3775. More sewer work is being done in Hildreth street on a 275 foot sewer, 18 and 12 inches; estimated cost \$1000. Also in Christian street on a 405 foot sewer, 10 inch; estimated cost \$1251. Other gangs are connecting up old culverts on Andover and Rogers streets.

GAS EXPLODED IN FREIGHT CAR

Many Windows Were
Smashed In Melrose
Today

Property Damaged, but
No One Was
Injured

MELROSE, July 24.—A tank of the gas that is used in furnishing light for the railroad block signals exploded in a freight car near the Boston and Maine freight station today. Several windows in the vicinity were shattered and other slight damage to property resulted but no one was injured.

Six gas tanks were in the car but only one exploded although another was hurled fifty yards to the platform of the passenger station. The cause of the explosion is not known.

CALUMET, Mich., July 24.—Stamp mills as well as mines are shut down in the Lake Superior copper district because of the miners' strike. The tieup is complete with the exception of the smelters, some of which have enough mineral on hand to operate for a week or more.

Calumet & Hecla conglomerate shafts at the Calumet branch which were worked yesterday closed last night when the strikers prevented men from going to work. The Franklin and

ANOTHER FIRE AT SING SING

Gave Mutinous Convicts
a Chance for More
Demonstrations

Blaze Started In Cloth-
ing Shop—Convicts
Yell During Fire

OSSINING, N. Y., July 24.—Another fire at Sing Sing prison today gave the mutinous convicts a chance for more demonstrations. The blaze started in the clothing shop and the prison fire brigade extinguished it, after a hard fight without outside aid. It was the second fire in the prison buildings this week, notwithstanding the fact that the guards had been doubled since \$150,000 worth of property was burned up there two days ago. If the fires were started by convicts the

SEVEN MEN WERE BLOWN TO PIECES

Explosion of Ton of Gunpowder
at Plant of the Canadian
Explosive Co.

MONTREAL, July 24.—Seven men were blown to pieces today by the explosion of a ton of gunpowder at the plant of the Canadian Explosive Co. at Beloeil. Pieces of brick and wood fell a mile away. The cause of the explosion is unknown.

The shock of the explosion broke windows for miles around. Every man in the building was killed. A dozen or 15 girls usually employed there handling nitroglycerine gelatine were temporarily off duty.

LOWELL WON FIRST GAME, 4 TO 1

Defeated New Bedford in Open-
ing Contest of Today's
Double Header

About 500 fans assembled at Spaulding park this afternoon to witness a double header between the local team and the New Bedford Whalers. At the time that the first game was called the weather conditions were not very favorable although no rain had fallen at the park. Finneran, who made such a fine showing against the Lawrence team on last Saturday opened the first game for the local team with Daly behind the bat. The elongated Finneran started for the Whalers and Kilbullen did the work on the receiving end. Empire White called the game promptly at 2 o'clock. The lineup for the first game was:

Lowell	New Bedford
Clemens, cf	cf, Sweatt
Aubrey, ss	2b, Logan
DeGroot, rf	ss, Cargo
Magee, lf	rf, Griffith
Halstein, 1b	1b, Kane
Miller, 2b	3b, Crowley
Daly, c	c Kilbullen
Dec, 3b	e Finneran, p

In the first inning the New Bedford men went out in order. In Lowell's half after Clemens had been put out, Lowell scored two runs on hits by Aubrey and Halstein and errors by Shortstop Cargo and Catcher Kilbullen.

Though bruised and stunned, Capt. Titus argued himself and went to the assistance of his fellow firemen, none of whom had suffered much by the bursting of the tank. They had clung to the roof and returned to their work as soon as the tank water had run off. The block was completely gutted. The damage is estimated at \$10,000.

Samoset Campers, No. Billerica, Fri.

Lowell was in the lead by the score of 4 to 0 when the interruption occurred. When play was resumed Wood replaced Tount on the mound for New Bedford. Finneran, the first man to face him, flied to Griffith. Clemens

Lowell 4 2 0
New Bedford 1 6 1

HEROIC RESCUE OF 12 CHILDREN Were Precipitated Into Water When Fence Caved in Under Weight

LEWISTON, Me., July 24.—A dozen small boys and girls were precipitated into the rushing waters of the Cross canal near Lincoln street today by the collapse of an old fence along the canal bank on which they had arranged a teeter. The prompt action of Joseph Frenette, a teamster, who dived into the water, and Peter LeVardiere, saved the lives of all the little ones. The last two were dragged out when within less than 20 yards of the mouth of the intake to the Penstock leading to the great waterwheels of one of the mills. The rescue of

the children was made more difficult by a pile of lumber which was overturned into the canal when the fence gave way.

BUILDING PERMITS
New Dwelling in Vernon Street and "Big" Repairs in East Merrimack Street

Carey Sherwood has been granted a permit at the office of the inspector of buildings at city hall for the erection of a substantial dwelling at 89 Vernon street. The building will be 40 feet 6 inches by 33 feet two and one-half stories and the estimated cost is \$3500.

The Shad estate has been granted a permit for additions and alterations to a house in East Merrimack street, near Stackpole street. Most of the work will consist of fire damage repairs and the estimated cost is \$2500.

PROF. CHANNING WHITTAKER DEAD

Well Known Engineer
Died at His Home In
Tyngsboro

Had Long Been Patent
Authority for Lowell
Machine Shop

The friends of Prof. Channing Whittaker of Tyngsboro were shocked to hear of his death, which occurred at his home this morning after a brief illness of pneumonia.

Prof. Whittaker was well known in Lowell, where for many years he had been a prominent figure on our streets, as principal of the evening drawing school and specialist on patents and machinery designing in connection with the work of the Lowell Machine shop.

Born in Needham, Mass., Dec. 23, 1843, the son of Edgar and Catherine Cravath Whittaker, he attended the public schools of that town. At the outbreak of the war he enlisted in the 39th Mass. Regt., in which he was wounded in the battle of Spotsylvania Courthouse.

On his return from the war, he entered the Institute of Technology from which he graduated in 1872. He afterwards became professor in the institute, filling the chair of mechanical engineering in 1887 and 1888. While a student he had begun to work for the Lowell Machine shop and finally accepted a flattering offer to leave "Tech" and take general charge of the patent work at the machine shop. This position he held for many years at the same time showing a keen interest in the affairs of Lowell, particularly with a view to promoting the observance of all laws for advancing public order and morality.

Some years ago when the Machine shop suffered an upheaval, Prof. Whittaker severed his connection with it, although he has since served in the capacity of adviser on patent matters whenever the company required his advice. For some years past he has resided in Tyngsboro.

Prof. Whittaker is survived by three daughters, Grace and Harriet Bancroft Whittaker and Mrs. F. D. Lambert, all of Tyngsboro; one son, Channing Whittaker, Jr., three grandchildren, Hazel Bancroft Whittaker, Richard and David Lambert, two brothers, Rev. N. T. Whittaker of Saxtonville, Rev. George Whittaker of Somerville, one sister, Mrs. Sarah Gough of New Jersey.

The deceased held a high place in the esteem of his fellow citizens of Tyngsboro and Lowell and was ex-

THE LATE PROF. WHITTAKER

everywhere regarded as a man of great ability, high character, sterling patriotism and strict integrity. The funeral will be held Sunday afternoon at 2:30 o'clock.

INTER-STATE MATCH ON Marksmanship Contests at Wakefield

WAKEFIELD, July 24.—Only two teams entered for the interstate match at the annual marksmanship contests of the state militia here today.

In the first stage at 600 yards Massachusetts defeated Rhode Island by 15 points, the totals being 559 to 544.

Six teams entered the service match open to all teams with the same conditions as those governing the interstate contest. At the close of the 600 yard contest the first navy team was leading. The scores in the service contest at 600 yards were as follows:

U. S. N. first team, 567; U. S. M. C. second team, 561; Massachusetts, 559; U. S. M. C. first team, 553; U. S. N. second team, 543; Rhode Island, 544.

DEMANDS OF CARMEN Arbitration Hearing Post- poned Until Aug. 18

BOSTON, July 24.—Further postponement until Aug. 18 of the arbitration hearing on the demands made by the carmen's union on the Boston Elevated railway Co. was taken today because of the inability of James J. Storrow, one of the mediators to be present.

Mr. Storrow is recovering from a surgical operation.

Mrs. Pankhurst Released
LONDON, July 24.—Mrs. Emmeline Pankhurst, who had been rearrested only a few days ago, was released again this evening. She left Holloway jail in a motor ambulance.

WOMAN IS DECAPITATED

Headless Body Found
at Sea

BOSTON, July 24.—The discovery at sea of the headless body of an expensively dressed young woman was reported today by Capt. Charles White of the schooner Jennie Gilbert upon his arrival in port from a swordfishing trip. To the captain it appeared that the head had been skillfully severed with a sharp knife.

The body was picked up July 18 about 175 miles from Boston and in the track of both ocean and coastwise steamers. It evidently had been in the water but a short time. Captain White described it as that of a well-cared for young woman of from 18 to 20 years. The clothing gave no clue to the identity of the wearer. Capt. White wrapped the body in canvas and returned it to the sea.

TURKS CAPTURE TOWN

Drive Bulgarians Out of
Philippopolis

LONDON, July 24.—A telegram was received today during a session of the European ambassadors from the Bulgarian ministers in Paris reporting that Turkish troops had entered the Bulgarian town of Philippopolis, that the populace was fleeing and that the situation was desperate.

Break In August Cotton

NEW YORK, July 24.—The unloading of a big long interest which has been accumulated in anticipation of a repetition of the heavy advance last month caused a break of 41 points in August cotton today. The recent sensational decline in old crops at New Orleans and the weakness of spot market in the earliest producing sections also were factors in the decline. New crops broke a dozen points on rumored rains in Texas.

Western Amateur Golf Tourney
CHICAGO, July 24.—Ned Attis, Milwaukee's star golfer was three up on Champion Evans at the end of the first 18 holes of the third round of the western amateur championship at the Homewood grounds today.

Other 18 hole scores in the championship were:
Joe Leduc, Chicago, five up on W. H. Lockett, Chicago.
W. Wood, Chicago, 3 up on Frazer Hale, Chicago.

Games Postponed

New England at Lawrence—Portland-Lawrence game postponed, rain.
National at New York—Pittsburgh-New York game postponed, rain.
National at Brooklyn—Brooklyn-St. Louis game postponed, rain.

Temple Sees League

ST. LOUIS, Mo., July 24.—Umpire Jack McNulty today brought suit against the Federal league baseball club of St. Louis and Manager Jack O'Connor for \$50,000 damages because of a punch in the face O'Connor gave him on the grounds of the club on June 23 last. McNulty alleges that his injuries are such that he no longer will be able to earn a living as a baseball umpire.

Suit Against Railroad

BOSTON, July 24.—Continued postponements in the hearing of the suit of John March of Chicago against the Southern New England railroad for damages arising from the sudden stopping in the work of constructing the proposed railroad line in southern Massachusetts indicates that the case may be settled out of court, according to interested parties.

FORMER LOWELL MAN

Comes From Arizona to
Visit His Brother

E. M. Dickerman, of Tucson, Arizona, was a visitor at Mayor O'Donnell's office at city hall this forenoon. He is a brother of William O. Dickerman, of Dickerman & McQuade, Central and Market streets. He left Lowell about 35 years ago and he holds a responsible position with the Southern-Pacific railway. He is high in Elkhorn being Grand Esteemed Loyal Knight. This honor was bestowed upon him at the recent B. F. O. E. convention at Rochester, N. Y., but it wasn't passed him on a silver platter. He had to go some to get it because there were other candidates in the field.

Mr. Dickerman met Fred Bourke at the city hall today and it was a very pleasant meeting. It seems that Fred did Mr. Dickerman a good turn at the convention and assisted in getting him the entire Massachusetts vote. The Massachusetts delegates didn't have any particular candidate and in view of the fact that Mr. Dickerman was a former Lowell man, the Massachusetts men took kindly to him and Mr. Bourke says it would have been impossible to have made a better selection.

Mr. Dickerman comes to Lowell every year or two to see his brother and he makes no bones of saying that he has a tender spot in his heart for Lowell. He was born in New Orleans but was educated in the public schools here, having attended the Moody school and the Irish school. He was a member of the first High School battalion and he tells some very interesting stories of the olden days. Medical Examiner Dr. J. V. Meier is a former schoolmate and chum of Mr. Dickerman. The latter called at the doctor's office and had a long chat with him yesterday. Mr. Dickerman will return home this week.

CAR OF TAN BARK

Distributed at the Play Grounds Today—It Was Bullly Needed at Aiken Street

A car load of tan bark for the park department arrived in Lowell today and was distributed about the playgrounds. Most of the carload went to Aiken street where the dust on windy days is almost unbearable. The bark will act as a binder to hold down the dust.

Petition for Receiver

PORTLAND, Me., July 24.—A hearing on a petition by Charles W. Eaton of Boston, that a receiver be appointed for the North American Rubber Co. was held before Judge Hallen in the United States court today.

Games Postponed

New England at Lawrence—Portland-Lawrence game postponed, rain.
National at New York—Pittsburgh-New York game postponed, rain.
National at Brooklyn—Brooklyn-St. Louis game postponed, rain.
New England at Worcester—Brooklyn-Worcester game postponed, rain.
National at Boston—Cincinnati-Boston game postponed, rain.

1000 GAL. TANK BURST

Swept Man From Roof
at Pawtucket Fire

PAWTUCKET, R. I., July 24.—A water tank filled with 1000 gallons of water on the roof of a three-story tenement block, burst yesterday afternoon after its base had been eaten away by fire. The water swept Capt. Titus of the fire department off the roof and landed him in the kitchen of a cottage located 20 feet in the rear of the block.

The windmill that forced the water for the use of the six tenants and three stores in the block and the tinlike condition of the roof are responsible for the fire that broke out at 2:30 in the afternoon. For a generation the building has been known as the "Old Park hotel."

The windmill had been working steadily all throughout the day and its getting a hot box set fire to the roof. Capt. Titus and a group of 15 fire fighters sought the roof as the best vantage ground from which to combat the fire. They were holding the fire in check when suddenly the water tank burst.

Capt. Titus was carried from the roof on the crest of the flow and was wafted in a twinkling to the floor of the cottage in the rear. The occupants of the cottage had fled, fearing that the fire would reach it.

Though bruised and stunned, Capt. Titus argued himself and went to the assistance of his fellow firemen, none of whom had suffered much by the bursting of the tank. They had clung to the roof and returned to their work as soon as the tank water had run off. The block was completely gutted. The damage is estimated at \$10,000.

PROGRESSIVE PARTY HELD OUTING

Large Gathering of the Brethren
at Willow Dale—J. J. Delaney
and Others Speak

The members of the progressive party of this city turned out in large numbers to attend the outing held at Willow Dale this afternoon. Special cars left the corner of John and Merrimack streets about 1 o'clock and carried the party to Lakeview park where the steamer was boarded to convey them to the other side of the lake. Immediately upon their arrival at Willow Dale the group journeyed to the dining room where a dinner had been prepared by Amos Best, the proprietor of this resort. At the dinner there were present some of the most prominent progressive men of this city, including Daniel Cosgrove, William N. Osgood, Charles H. Hobson and many men from out-of-town. After the dinner Mr. John J. Delaney, chairman of the committee, welcomed

have opened to receive its putrid carcass. In conclusion I would urge every man here to use his best energies in working for the success of the progressive party and its candidates. Mr. Charles H. Hobson, president of the progressive city committee, was next introduced and he spoke at some length on the work of the progressive party and congratulated the committee in charge for the fine gathering. Mr. Cosgrove when introduced made a witty speech bristling with content. He then talked politics, stating his faith in the progressive party, his admiration for Charles Sumner Bird and for the great man at the head of the party, the living type of Lincoln, Theodore Roosevelt. William N. Osgood and a member of the organization from Boston also made stirring addresses. The dinner over the party took part in a list of sports that had been arranged and considerable interest was shown in these events. The swimming races held at the lake this afternoon attracted a large number of the party and the afternoon afforded plenty of amusement to all. It is planned to return to this city early this evening. The committee responsible for the success of the affair is as follows: John J. Delaney, chairman; Peter Cadell, Dr. E. A. Livingston, A. E. Goldman, Esq. and William N. Osgood. The assembly included a large number of the local members of the party and some who have not yet made formal declaration of their principles. There were about 100 present.

POLICE COURT CASES

Man Arrested by B. & M.
Special Officer

Ralph L. Loupret gave quite an imitation of "Sherlock Holmes" in his testimony this morning when the case of Dennis Connors, charged with drunkenness and larceny, was called for trial in police court.

Loupret was the first witness called by the prosecution. "What is your occupation," asked Chief Welch. "I am a night watchman for the Boston and Maine and a special police officer. See this," he added, as he drew back his coat. There on the left section of his vest glinted a sparkling, nickel-plated badge such as are generally worn by special officers, only the witness displayed to the court the brightest emblem of police authority which has been seen in this city for many a day. In fact the brass and copper insignia of office worn by the chief was completely put to shame by Loupret's carefully polished token of authority. "Well," chimed in Attorney Daniel J. Donahue, "Are you a sleuth or just an ordinary special officer?" After a moment's hesitation the witness pleaded guilty to being only a special.

According to the testimony of the special officer, alias detective, the defendant entered the baggage room of the B. & M. late last night in a drunken condition. Mr. Donahue did not contest the fact that his client was drunk. The witness further stated that the defendant had stolen a package of millage books from the company whose contents amounted in value to \$100. The defense did not argue that fact either but claimed that Connors was drunk at the time, and irresponsible for his act. Officer Arthur Drevett, who made the arrest, and the attorney also had a lively tussle but this meeting was clearly drawn. Several swiftness were exchanged between lawyer and officer but the latter stuck to his original testimony. "Let's hear your definition of drunkenness," requested Mr. Donahue and Officer Drevett obligingly came through. "A man is drunk," said he, "when he is either dizzy in his head or his feet and this defendant was in the latter condition when I arrested him last night." This concluded the evidence in the case. Connors will be sentenced tomorrow morning.

George Saindas was fined \$10 for violating the milk law, after a long trial in which Milk Inspector Melvin Mayer stood to his opportunity to discover whether the man from whom he bought the milk issued it to him up to the standard as prescribed by law. Fisher Pearson, Esq. appeared for the defense.

John A. Landry was sent to jail for fifteen days in order to recover from the effects of a prolonged spree. John J. McClure appeared for him. Agnes Richards was sent to jail for one month on the charge of drunkenness. John J. Lyons received a \$8 fine for his second arrest for drunkenness within the year. Two first offenders, who paid over \$2 each, concluded this morning's docket.

FOUND DEAD IN BED

Widow of William H.
Mayer, Horseman

MIDDLETOWN, O., July 24.—Mrs. Alice Prescott Mayer, widow of William H. Mayer, a well known four-in-hand driver and socially prominent, was found dead in bed at her country estate here today. Death is ascribed to "natural causes" but was hastened, according to friends, by grief over the death of her husband a few months ago, from the shock of which she failed to recover.

Mrs. Mayer was 60 years old. They two had no children and though their constant association became to be known as the "inseparable pair." Some music, No. Billerica, Fri. eve. Mr. and Mrs. Donat Paquette of Beaulieu street left last evening for Saskatchewan, Canada. Mr. Geo. Simons of Lilley avenue recently returned from Lynn, where he has spent the last two weeks.

These White Dresses are samples and are in sizes 14-16-18-34-36-38 and up to bust 40 only. 75 different styles and only one or two dresses of a style.

RADICAL CHANGES IN NEW HAVEN

Not Only New Head to be Named
But Financial and Operating
Policy Will be Revolutionized

NEW YORK, July 24.—Not only a new head of the New York, New Haven & Hartford railroad system to succeed President Mellen, but radical changes in the financial and operating policy with a revolution in the machinery of executive management will be recommended by the sub-committee of directors, which will report to the full board tomorrow.

This was indicated today by a leading member of the committee who said that whoever was selected to succeed Mr. Mellen probably would have a different title than president—that of chairman of the board, who would be supreme over the entire system—including the Boston & Maine and the steamship and trolley lines.

This director intimated that the title of president of the New York, New Haven & Hartford railroad proper would be conferred upon another man who also is to be recommended at tomorrow's meeting. This official would be a subordinate of the chairman of the heads of the other divisions of the New Haven system would occupy similar subordinate positions. Changes in the by-laws of the road would be necessary, he said, in order to effect this reorganization.

To the new head of the system, who according to general expectation in Wall street will be Howard Elliott, president of the Northern Pacific, will be given the task of working out the proposed changes in policy. What these will be were not specified, but it was intimated that they might include the divorce from the New Haven of its control of trolley lines. This would meet one of the criticisms of the interstate commerce commission. No information could be obtained as to whether the committee favored the eventual separation from the system of the Boston & Maine and the steam-

ship lines, but the impression was gained that these questions would be further considered after the election of the new head of the system, who will be given plenty of time to work out the new plans.

MISSING PARTY RETURNS

Believed That All Had
Been Drowned

TRENTON, N. J., July 24.—The party of three young women and sixteen men reported missing and believed to have met with an accident while in a motorboat on the Delaware river returned to their homes today. The young woman said they had been visiting relatives of one of the party who were camping on the shore of the Delaware near Florence, N. J.

PRESENTED GOLD CHAIN

Carl J. Sandesson Goes
to Australia

Mr. Carl J. Sandesson, who for some time past has been general superintendent of the Pentucket Narrow Fabric mills, severed his connection with the above concern last night. Mr. Sandesson is to sail for Australia where he has accepted a position as superintendent of a large mill at that place. He will be accompanied by his family.

Shortly before his departure from the mill last night a large number of the employees gathered at his desk and Mr. A. V. Redger, the owner of the mill in behalf of the employees presented him a beautiful gold chain and box of cigars. In fitting words he told Mr. Sandesson the respect all connected with the mill had for him and wished him success in his new field. The recipient of the gifts although taken wholly by surprise, thanked them and stated that he would always remember with pleasure the days spent at this mill in Lowell.

Steamer Badly Damaged
CURLING, Bay of Islands, N. E., July 24.—The steamer Seal which assisted the British warship Sirius in floating the stranded steamer Beothic at Point Hinch, reports that the Beothic is badly damaged and will have to return to Halifax for repairs.

PAY EXPENSE OF 1000

Delay in Arbitration Costs
Union \$8000 a Day

NEW YORK, July 24.—The truce between the eastern railroads and their conductors and trainmen pending attempts to adjust labor difficulties continued today, but the employees showed that they were growing restive. The delay in settling terms of arbitration, they say, is costing the unions \$8000 a day for they are obliged to pay the expenses of more than 1000 members of committees representing the various locals who have not gone back to their locomotives since the declaration of the strike vote.

The men said today they were not satisfied with the concessions made yesterday by the railroad managers. These concessions, it was understood, were the dropping of three of the eight grievances the railroads have asked to have arbitrated with the demands of the men. The principal efforts of the mediators today were directed to

this question. As yet the federal commissioners have not yet been able to consider the original demands of the employees.

The many friends of Miss Annie Beaubert of 110 Ford street will be sorry to hear that she is ill at her home.

Some music, No. Billerica, Fri. eve.

Another United Wall Paper Store's Big Mill-End Purchase

Mr. Wilson, the New England manager of the United Wall Paper Stores of America, whose Lowell store and general offices are located in the Colonial building, recently bought the entire warehouse stock of the Progressive Wall Paper mills of New York, for all their New England stores at a spot cash price that will enable them to sell them in their chain of stores at actually less than the regular wholesale prices on these goods. This company is establishing new stores throughout New England and is one of the biggest factors in the distribution of wall papers in New England. The manager assures the public that their chain of stores and the way they buy their goods enables the public to save thousands of dollars yearly on their purchases. In addition to the pleasure of knowing they are buying new and stylish decorations when their homes are papered with papers that come from any of these stores. The big warehouse sale begins Friday morning.

Mrs. Richardson was called to the porch of her residence one evening last week by a neighborly, powerful woman, who threw her arms around Mrs. Richardson and carried her to the street, where several other women were waiting with a long fence rail. They carried their screaming prisoner down the main street and back on the rail.

As a reason for their act, the women asserted they believed Mrs. Richardson to be too friendly with her brother-in-law, Mr. Richardson, who is a cripple, added his wife in leaving Vol-

Y. FACTORY

LOVE THE LIVES

GLOUCESTER, R. I., July 24—Six buildings in the little village of Chapaquet with a number of hen houses and outbuildings were destroyed by a fire which is believed to have been of incendiary origin early today. The buildings, which included the Chapaquet hotel, two cottage houses and three barns were small wooden structures and the loss will not exceed \$20,000.

Of those in the hospital, Mrs. Ma Benny, Ruth and Edna Crotty and M. May Leighton are so badly burned th

have been reported missing and probably are dead.

The company's safe was uncovered yesterday afternoon but it was not that no attempt was made to open it.

MEET AFTER 25 YEARS

and the hostess was given a vote of thanks for the entertainment furnished.

Norman Ellis, son of Mr. and Mrs. Joseph Ellis of Wilson street, recently underwent a successful operation at the Massachusetts General hospital and is now convalescing at the home of his parents on Wilson street.

HURRICANES IN ITALY

Entire Lake District Was Devastated

Lowell Woman Visited b

Mrs. Joseph E. Jenney of 40 Beaver street, this city, has a very welcome visitor at her home, one whom she has not seen for 25 years. The guest is her brother, John Greenwood, Chicago, Ill., who left the east a quarter of a century ago.

MILAN, July 24.—The entire Italian lake district was devastated during last night and today by terrific hurricanes. The effect of the storm is felt throughout Italy, where the temperature has fallen considerably.

Protect Meadow Lark

WASHINGTON, July 23.—Protect and encourage the meadow lark, for its principal diet consists of cotton boll and alfalfa weavils, grasshoppers and predaceous ground beetles, advises the department of agriculture. While the bird, it is acknowledged, does some damage to sprouting grain, its value as a destroyer of injurious insects is shown to be far greater.

Mr. Greenwood left his home in Waterbury, Conn., one year after his sister moved to Lowell, and went

holds a very responsible position as a large electric company. During stay in Chicago he has accumulated considerable money and now owns several large parcels of real estate.

He arrived in Lowell on last Sunday and was given a great reception by sister and her husband at their home on Beaver street. Today he went to Waterbury to visit other relatives who will return to Lowell tomorrow. He will remain here until Monday, when his trip back to Chicago will be started.

seen that some one had been in building during the night as the w on several of the counters had been disarranged and other articles been scattered about. Upon investigation it was lea

the cash register. The pollen was lifted, but as yet they have been unable to solve the mystery. They have no evidence of any window being opened by which an outsider could enter, so that they are unable to explain just how the theft occurred. The police, however, believe they can solve the mystery later on. The store closed this afternoon, this being a half-day.

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

A TENSE SITUATION

Affairs in Mexico are daily growing nearer to the point where this country will be forced to abandon its present passive policy and make a firm declaration of its immediate intention with regard to the revolutionary and lawless republic. If the southern indignities against things American do not prove a sufficiently compelling agent to force a more definite policy, it is likely that popular sentiment here will be sufficiently strong to demand it, for already there is a well defined feeling that Mexico, made presumptuous by our former great toleration and patience, flaunts her misdeeds in our faces and menaces the lives and property of our subjects with impunity. There is a suspicion in official circles that Mexico is on the verge of another revolution, and American subjects there fear a repetition of the atrocities which preceded the downfall of Madero. Outbreaks have taken place in various sections and the situation has become so threatening in Frontera that an American gunboat has been ordered there to safeguard the interests of American subjects.

In view of these facts, it is not surprising that sentiment is gradually undergoing a change here. At the time of the last revolution an extreme section of the press advocated the sternest restrictive measures towards Mexico such as the immediate landing of an immense army on her soil, but there was no popular approval of such a course. Now, however, we find such prominent senators as Fall of New Mexico, a republican, Stone of Missouri, a democrat, and our own senator, Lodge, in favor of intervention regardless of consequences. In explaining his position Senator Lodge said "I don't want war; I want a recognition of treaty rights," but those familiar with conditions in Mexico and mindful of the well known hostility of the provisional government there to us say that intervention of itself means war. But there are many who favor intervention even under these conditions because they say that there is little prospect of internal peace in Mexico; while it settles in perpetual revolution, there is little good in begging a government which rules despite the opposition of most of its own people for the protection which they themselves may momentarily need. That America fully realizes this truth officially was made clear by the refusal of the administration to recognize the present Mexican government until the people had ratified it in general election.

Now, while it is well to calmly face the possibility of intervention in Mexico with its serious consequences, it seems that the forces of diplomacy have not yet been fully availed of. America may be obliged soon to declare her policy in such a form as the proposed Nicaragua treaty, but until she does so, and until Mexico declares officially the disregard of our requirements as she has long declared in fact, there is no immediate reason why we should go to extremes. Of course there is a time when patience ceases to be a virtue, but the time is not yet. The conference which is to take place in a few days between Ambassador Wilson on one hand and the president and secretary of state on the other may bring the matter to a head. In the meantime there will be grave uncertainty in official circles owing to the threatening nature of things in the southern republic. The situation is tense and it is folly to be any longer blind to the possibilities of the morrow. Whether there will be war in reality or a war of words the present situation and unrest promises to continue until America takes some definite stand for the future.

TARIFF AND ITS EFFECT

There have been so many matters of large national interest before the people for some time past that the all important tariff question has not been occupying its former share of public attention, and yet it has been marching steadily forward. Contrary to all expectations the schedules were cut by the senate committee even lower than the Underwood figures and the nation now eagerly awaits the outcome. Before the measure becomes law some time in early September probably, each member of the senate will make his remarks for or against, but the bill could be practically acted on now as it will be acted on in its final stages. The opinions of the senate are already formed, and with the exception of some minor changes demanded by popular sentiment such as the art tax and the proposed tax on bananas, the bill promises to become law in its present form. It is very significant that Senator Penrose has announced that the republicans have given up their intended scheme of retarding its progress collectively and will content themselves with individual protests and condemnations. Very great delay therefore is not to be expected.

Meanwhile the south and west are preparing for phenomenal crops. The outlook for wheat and corn is unusually good. Wise people assert that the crops are more indicative of prosperity

or the contrary than the tariff and therefore there is every reason to be optimistic in this respect. Bank clearings are greater at present than in the corresponding weeks of last year and there is a sign of a more healthful activity in the stock market. Business is somewhat dull in the east as is usual at this time of year, but it is booming in the west and the prospects for the fall are unusually rosy. General business conditions do not engender gloomy forebodings, and there is every indication of an era of prosperity.

In view of this probable prosperity there is little reason to be otherwise than optimistic, and the calamity-howlers find it difficult to put the right note of sincerity in their prophecies. Business will adjust itself speedily to the new tariff requirements and though there may be some slight temporary disarrangement there is now no indication of serious disturbance. It seems to have dawned on friends and foes of the tariff alike that the popular demand for the abolition of high protection will be for the general good eventually. All that is now needed is confidence, so that business may start on the ascendant after the passage of the imminent tariff bill.

TREES AND WIRES

Superintendent Kernan of the park department has made a very practical and timely suggestion in requesting all people who notice the injurious effect of wires on the trees of the city to notify his department. Many fine trees have been irreparably ruined in the past because of the negligence on the part of the employees of public service corporations or deliberate indifference on the part of the companies at fault, and now when the trees are getting fewer and fewer annually, and when they have to battle against the attacks of so many foes in the insect world, there is every reason why all people who are interested in the beauty of the city, of which its trees are one of the most important features, should strive to prevent their unnecessary destruction.

In many cases owing to imperfect insulation of wires or some similar condition the electric light and street railway companies are not entirely at fault for destruction to trees, and this injury goes on without their knowledge. But people who live near such trees must notice the damage and it is in their power to remedy it by calling the matter to the attention of the park department. There is now a good understanding between that department and the heads of the corporations primarily responsible for this form of damage to the trees of the city, and those who co-operate with Superintendent Kernan are rendering his department and the beauty loving people of the city a genuine service.

BINGHAMTON FIRE

Out of New York state which has furnished the country with many terrible stories of fire in the past comes another like revelation in the story of the Binghamton tragedy. There is a striking similarity between this latest conflagration and that of the Triangle shirt waist factory in New York city a few years ago. In both the fire spread rapidly, the fire service was inadequate, the conditions surrounding the employees were very similar. But in the Binghamton fire the law seems to have been closely adhered to in the main. Fire drills had been held regularly and the workrooms had been kept free from lint and waste. The fire seems to have started and claimed its victims despite human precautions instead of being due to a lack of care or compliance with state regulations.

Still, it will be difficult to convince the mothers, fathers and friends of the 50 victims, mostly women and girls, that the employers were not to blame in part. On the surface it seems astonishing that the fire could have enveloped the whole building almost instantaneously if sufficient precaution had been taken against oil, lint and waste. Then again, the building was only four stories in height and yet most of those who were saved were forced to jump from the windows or fire escapes. The one glaring instance of negligence on the part of the employers was the ineffectiveness of the fire escapes, as they were so small and imperfect in construction that they were worse than useless. Once again there is the awful lesson of a human holocaust for those who own and manage sweat shops and like structures. If the universal horror that is awakened by stories such as the Binghamton conflagration ensures the future safety of those who work in like circumstances in all parts of the country the human sacrifice will have some compensation.

BOY HURT ON COMMON

Struck in Ear by a Pitched Ball

ROUGH PLAY ON NORTH COMMON CRITICIZED

The Eigger Boys Too Careless of the Rights of the Little Ones—Many Complaints Received

Citizens of Lowell, who evince a kindly interest in the affairs of the little folk and in their undisturbed play on the various recreation grounds, have of late complained of the fact that older boys and young men have been interfering with the sport of the children and even endangering their safety by engaging in baseball games on the ground which it is generally understood, is supposed to be devoted to the smaller boys and girls. A pitiful example of this untoward trespass was witnessed by many people at the North common recently, when a little lad, whose name is unknown, while quietly enjoying himself in one of the swings, was struck in the ear of the face with a baseball thrown by a young man, who with others, was playing catch. Several bystanders rushed to the little fellow and saw that his ear was bleeding profusely from the interior, and had his injury cared for. One man expressed the opinion that the victim's hearing might have been impaired by the accident.

Several took occasion to express their feelings to the fellow who threw the ball and to the others who were with him, and say that the other replied: "Well, what of it, we got a right to play ball, didn't we?" The attention of the intruders was called to the fact that there are other places on the common where the children do not congregate, and where ball children can have their game of ball without endangering the little ones who are at play.

It seems that such instances are not uncommon on this recreation ground, although this is the only accident of the kind that has been reported. The people believe that these grounds were instituted for the purpose of affording a place where the young boys and girls may play in absolute safety and under careful supervision, but under such circumstances, it would not appear that this is being enforced as strictly as it should. In the future, the grown up "kids" should restrict their activities to those portions of the common where the swings and other apparatus of the children are not in the way and where they will not run the chances of injuring some one of the little folk.

Rockingham Fair
Promoters Plan to Make This Year's Affair "The Biggest Show New England Ever Knew"

To forward practical New England agriculture to the policy of Rockingham fair at Salem, N. H., the opportunity for agriculture in the east is being more and more appreciated as the west which make liberal appropriations for premiums on agricultural products and stock. The opportunity for agriculture in the east is being more and more appreciated as the west which make liberal appropriations for premiums on agricultural products and stock. The opportunity for agriculture in the east is being more and more appreciated as the west which make liberal appropriations for premiums on agricultural products and stock.

For this reason the liberal appropriation for prizes is allotted to exhibitors of stock and farm products adapted to New England soils and climate and demanded for New England consumption. The seven breeds of cattle on which prizes are given are admitted.

Backache
A SYMPTOM
Of More Serious Illness Approaching. Mrs. Bender's Case.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Bender's experience.

St. James, Mo.—"About a year ago I was irregular, had cramps every month, headache and constant backache. I took Lydia E. Pinkham's Vegetable Compound and used the Sensitive Wash and I am relieved of all my troubles and am in perfect health. I shall recommend your medicine to all my friends and you may publish this testimonial for the benefit of other suffering women."—Miss ANNA BENDER, St. James, Missouri.

Another Case.
Dixon, Iowa.—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time and it has done me much good. My back troubled me very much. It seemed weak. I had much pain and I was not as regular as I should have been. The Compound has cured these troubles and I recommend it to all my friends."—Mrs. BERTHA DIKESSEN, Box 102, Dixon, Iowa.

Every woman ought to have Lydia E. Pinkham's So Page Text Book. It is not a book for general distribution as it is too expensive. It is free, and only obtainable by mail. Write for it to-day. Lydia E. Pinkham Medicine Co., Lynn, Mass.

tedly the standard breeds for this part of the country. Ayrshire, Jersey, Guernsey and Holstein for dairy breeds, Short Horns, Devons and Herefords for beef-breeds.

The consumption of poultry and the opportunity for a profitable poultry-raising in New England give this department special prominence and although late August is not the best time for showing poultry, great effort is made by offering special prizes, the widest publicity and personal solicitation to make the poultry show the biggest and best in the east. So also all departments are fostered by liberal awards and recognition by the fair itself and by friends who offer special prizes for the things in which they are most interested. The policy of this fair in encouraging the breeding of beef cattle is worthy of note. More money is offered for oxen and beef stock than by many state supported fairs in the best raising states.

Rockingham fair is the first eastern exhibition to reach out for the farm boys, to interest them in up-to-date farming. The boys of the Pomona grade, 50 boys over 15 years old have been selected to be guests of the fair during the entire week. The fair will pay their car fare and furnish free accommodations and meals for these boys on its grounds. The boys' camp will be under the management of competent agricultural instructors who will give daily lectures and demonstrations, using the exhibits at the fair for illustration. The boys will be expected to lead cattle in the stock parades before the grand stand and during the days to act as guides and caretakers of exhibits. Their special duty will be to show and answer questions about the agricultural exhibits. The only stipulation in the selection of these boys by the Pomona grades is that they be boys who actually live on farms.

Farmers and those interested in farming should appreciate the attitude of this fair in its effort to build up truly the biggest and best agricultural exhibition in the east. Sports and amusements are part of a fair and are lavishly provided but not to the exclusion or at the expense of bona fide agriculture. Grand circuit racing as a speed program that will interest farmers as well as others. But the real test of a fair is the advanced agricultural fair with the farmer's end of it given its full place and not hatched on to give color to a race meeting.

Rockingham fair managed along these lines will be of positive service to New England agriculture and deserves to be what its promoters intend to make it. "The Biggest Show New England Ever Knew."

ALL UP FOR THE MUSTER

Big Event to be Held Here in August
—Committee Organizes and Appoints Sub-Committees

The muster of New England Veterans Firemen's league will be held in this city, Thursday, Aug. 28, rain or shine. The league met and organized Tuesday night, electing the following officers:
Chairman, James H. Walker; secretary, Harry E. Clay; treasurer, George Hartwell; financial secretary, William W. Murphy.

Chairman James Walker, announced that the project was receiving good financial support from the business men and citizens of Lowell. The committee voted to accept the circular and sent blank, as submitted by Secretary Clay. These will be sent to vets all over New England.

The following members of the association were added to the muster committee: John Sutherland, James H. Curry, Martin J. Kennedy, Cornelius Griffin, David J. Hurley and Edward Fallon.

Sub-committees were appointed as follows:
Headquarters committee: James H. Walker and Asa Stirk. Printing committee: Fred A. Tucker, Martin J. Kennedy and H. E. Clay. Badge committee: H. E. Clay, secretary.

The first selection is the best and you may choose today from this collection of shirts that sold up to \$3.00 for \$1.15

PUTNAM & SON CO. 166 Central Street

The Home Beauty Parlor

By Betty Dean

Bathette: Your eyes are weakened and over-strained, that's all. Don't let them frighten you. Wear eye glasses until you try this simple home treatment. Dissolve an ounce of crystals in a pint of water. One or two drops in each eye every day may be all you need to restore the sparkle, youthfulness and rested feeling to your eyes. If the lids are much inflamed, try soaking disks of absorbent cotton in the tonic and laying them on each eye while you rest about ten minutes. Crystals tonic may be called an eye beautifier.

Judy: If ordinary methods fail to reduce your flesh I would recommend a course of this simple, harmless home treatment. Put 4 ounces of pinpoints in 1/2 pint of hot water. Take a teaspoonful three times a day. For those who find exercise a task, and are weakened by strict diet, I know of no such valuable aid in overcoming excessive fat. If your skin is inclined to flabbiness see answer to Deborah.

Hallie: Your hair needs exercise or a drill with some good tonic and you can do wonders in putting vitality and luxuriance into your hair and can promptly relieve the dandruff and itching scalp if you will use this remedy. It costs little and you can prepare it at home. From your druggist get an ounce of arabin and 1/2 pint of alcohol. Mix and add 1/2 pint cold water. This makes enough tonic to last a long time. Apply to your scalp when a work, rubbing well into the roots.

Curly-Locks: I am very much opposed to the use of soap on the hair. The alkali in soap clogs hair, irritates the scalp and in time will make the hair follicles decay. Neither do I approve of egg shampoos. The animal substance mixes with the oil in the hair and is hard to remove. After all, plain cantrox makes the best shampoo, cheapest and easiest to handle. Dissolve one teaspoonful in a cup of hot water. It lathers well and takes out all excess oil, leaving the scalp stimulated, and every strand working zealously to promote the success of the affair are to be congratulated upon their activity in the perfect arrangement of what will undoubtedly be an unusually attractive program. The various events present interesting and varied features. Probably the great attraction of the day will be the ladies' ball game between the "Belvideres" and the "Crows." Both teams have been practicing each evening during the past week and it is predicted that Saturday's exhibition of the national game will present features that would do credit to the big league. The umpire of the game

has been selected but his name must remain a secret until the teams meet on the diamond. The hobble and wobble races will doubtless furnish much amusement. The aquatic events have aroused the interest of the campers along the banks of the Concord, amongst whom a spirit of friendly rivalry prevails. Owing to the large advance sale of tickets it is safe to assume that this year's attendance will be far in excess of former years. Entries for the quilt contest must be in the hands of the committee at 2:30 Saturday afternoon, the day of the picnic.

clean. After a shampoo with cantrox notice how quickly your hair dries and how fluffy and light it is and good your head will feel.

Missy Or: Yes, you can buy the plain cantrox shampoo at any drug store.

Florence G.: You should not neglect that "dried" feeling of it may develop into something serious. If you will take this tonic and blood purifier faithfully it will probably be all you need to get you right. The prescription is an old, reliable one and the remedy can be made at home at little cost. To an ounce of karsene add 4 pint alcohol and enough water to make a quart. Sweeten with 1/2 cup sugar. A tablespoonful before meals is the right dose for adults. Delicate children will be helped by this too, but the dose must be regulated.

Deborah: Your husband admires other women because of your own carelessness about your looks. If your skin is wrinkled or saggy you need the bracing, beautifying effect of some simple jelly-cream made at home. Try this one, which is the best of many I have used. Get from your druggist one ounce alomoin and dissolve in 1/2 pint cold water. Add two teaspoonfuls glycerine and 1/2 pint hot water. Massage, and it will work wonders on your skin, eradicating wrinkles and restoring that velvety, youthful glow.

Winifred: Your skin, in fact anyone's, is too delicate for the ordinary face powder. Try this lotion, which is very easy to make. It will save you money, besides being due to whiten and tone the skin and rid it of sallowness or blemishes, and absolutely takes the place of powder in every way. Get 4 ounces of spumax, add 2 teaspoonfuls glycerine and 1/2 pint hot water or witch hazel. Let stand a day. This makes a big quantity and is far better than the ordinary "brightened" kind. It will be of great becoming and even like a part of your skin.

UNITED STATES AS MEDIATOR

Discussion of Mexican Situation
Turned Toward Proposals in
That Direction Today

WASHINGTON, July 24.—Discussion of the Mexican situation today turned toward proposals that the United States act as a mediator while elections are held and a constitutional government established. Although such suggestions have at various times been made to President Wilson, Secretary Bryan and members of congress by persons in this country and Mexico, the proposition has never reached the stage of serious consideration because of the insistent attitude of the constitutionalists that they would not consent to mediation under any circumstances.

"Who will guarantee the honesty of an election? The only guaranty we can have is to take possession of the government by arms, put in a provisional president and hold elections when the country is pacified. Elections with most of the country up in arms would be impossible."

This was the answer of the constitutionalist representatives here today to representatives, that mediation was about to be undertaken through the offices of the United States. The constitutionalists profess to see in such a proposal an effort on the part of the Huerta government to secure a suspension of hostilities during which it would take retaliatory measures to suppress the constitutionalists' cause.

Several senators in discussing the Mexican situation with President Wilson today learned that he was hopeful that the senate would refrain from debate about Mexico at this time or at any rate until after Ambassador Wilson returned and a definite policy was formulated. It was said the president pointed out that expressions by senators might arouse bad feeling in Mexico.

Senator Bacon said as he left the White House, that so far as he knew, no formal recommendation for mediation was being considered by the president.

CHARLES S. HAMLIN IS CHOSEN

Ass't. Secretary of Treasury in Charge of Customs Service

HON. CHARLES S. HAMLIN.

WASHINGTON, July 24.—Charles Sumner Hamlin of Boston, has been selected as assistant secretary of the treasury in charge of the customs service, to succeed James E. Curtis, who will retire on August 1. Secretary McAdoo yesterday formally recommended the appointment to President Wilson, who is expected to send the nomination to the senate within a few days. Mr. Hamlin occupied the same position during the second administration of President Cleveland. He has not been an applicant for the place, and is understood to have declined earlier in the Wilson administration, but will be urged to accept because of his intimate knowledge of customs questions. In view of the pending enactment of the tariff bill, Secretary McAdoo had been seeking as a successor to Mr. Curtis a man of wide customs experience to handle the vast administrative problems involved in a sweeping change in tariff policies and duties. Mr. Hamlin has represented this government at various international conventions. He was special commissioner of the United States to Japan in 1897, commissioner at the convention between Russia, Japan and the United States, the same

year and commissioner between Great Britain and the United States to consider the fur seal fisheries also in 1897.

BOY DROWNS AS DORY UPSETS

Chums Hang 3 Hours to Keel In Stormy Sea

Rescued as They Were About to Fall Unconscious Into Water

PLYMOUTH, July 24.—For three hours, Warren McKenna and Charles Sargeant, Jr., 16-year-old Dorchester boys, clung desperately to the sides of an overturned dory in Plymouth harbor yesterday afternoon after their companion, Frank Murray, 15, of 118 Massachusetts avenue, Boston, was drowned.

Help came to them just as they were about to fall unconscious into the water. McKenna is delirious from his long exposure, and Sargeant is suffering from exhaustion. Murray's body has not been recovered.

The three boys were stopping with their relatives at Rocky Neck, a camping resort, near Duxbury. They left Duxbury at 2:30 in a small dory and

sailed about the harbor for an hour. While they were off Duxbury pier and near Gamet Light they ran into a squall, which upset their boat.

STORE CLERKS' OUTING

Clerks of Several Stores Went to the Beach

The clerks and bookkeepers employed at Fairburn's market, about 25 strong, bowled over the road to Nahant beach in an automobile truck and touring car today. The truck was owned by Belleville and Waite and the touring car, which carried the ladies was furnished by Mr. Fairburn.

The ride from this city to the beach was full of fun, the party indulging in merriment all the way. On their arrival at the beach the clerks started on a sight-seeing expedition and "saw Nahant" until the dinner bell called them to the Revere house, where a six course fish dinner that fully satisfied the appetites of the hungry picnickers was served.

After the dinner there were short remarks by several of the members and then all boarded the autos for Revere beach. The clerks then divided into sections, many seeking amusement along the boulevard and others enjoying a dip in the ocean. Although the day was not first class for the swim, it was enjoyed by all and many of the men were experts at the nautical art.

The girls enjoyed this part of the day very much and many who were taught how to swim on their last trip to the beach had forgotten how, much to the disappointment of the market clerks who acted as instructors.

The swim over, the attractions were again patronized and it is planned to have luncheon at Revere in the early evening and to board the machines for the return trip about 9 o'clock. The affair was in charge of Mr. Thomas F.

Gallagher and much credit is due him for the well arranged program of today's affair.

Pollard and Bon Marche Outing

Immediately after the closing of the Bon Marche and the A. G. Pollard department stores this noon about 150 of the clerks rushed for Merrimack square where two large special cars were waiting to convey them to Revere beach. The clerks of both stores united for the trip and it was a happy group that passed through Merrimack square this noon en route to the beach.

The ride took up about two hours of the day's pleasure, the party arriving at the seaside shortly before 3 o'clock. They immediately started out to enjoy themselves and in groups they visited the "Pit," the roller coast, flying horses and other amusement places. Many of the party made for the salt water and enjoyed a swim. During the afternoon the party partook of a shore dinner at one of the beach hotels and it is planned to return to this city late this evening. The committee in charge was composed of Frank McLean of the Bon Marche and James A. Richards and Arthur Lavalee of the A. G. Pollard company.

BOSTON PAINLESS DENTISTS

The originators of Painless Dentistry in this city, and still in the lead.

HOW ARE YOUR TEETH?

Do you suffer with toothache? Of course you do. Perhaps you wake up during the night and walk the floor or toss around with the pain of an aching tooth. We are the people who can free you from all such trouble and make life a pleasure for you. We are the true exponents of "up-to-now" Dentistry. We are the recognized tooth-savers. We kill the ache forever and save the tooth for you, and we do the work so quickly and thoroughly that a patient finds it a pleasure. All work guaranteed.

ON SALE—SECOND FLOOR

SEN. WEEKS ATTACKS TARIFF BILL

Massachusetts Man Says That it Would Not Reduce the High Cost of Living

WASHINGTON, July 24.—In an effort to prove that tariff reductions by the new democratic bill bear no relation to actual conditions of competition, Senator John W. Weeks of Massachusetts today read to senators an inventory of the foreign foods, supplies and furniture they were using about the senate chamber. The ink-wells, he said, were made in Australia, the bone letters openers in France, the hairbrushes in England or Japan. The senate stationery room, said Senator Weeks, sold knives and pens made in England. German razors were used to shave senators in the senate barber shops and souvenir postcards with pictures of Washington's public buildings were sold in the Capitol with the imprint of German manufacturers on them.

Many of the mineral waters in the cloak room are imported from Europe," said Senator Weeks. The French vichy bears the colors of France and the label property of the French republic. Imported ginger ale is sold in the senate restaurant. We are large producers of matches in this country and yet if a senator wishes to light a cigar in the cloak room he finds a safety match manufactured in Sweden. A very large number of dishes served in the senate restaurant are prepared from imported articles while the same articles are produced in large quantities in the United States.

Senator Weeks attacked the democratic bill on the ground that it would not reduce the cost of living, curb the power of the trusts or stimulate healthy competition. Reduction in

prices, he said, would be followed by an equal reduction in working men's incomes.

Secretary Redfield's announcement that any closing of American factories would be investigated by the government, Senator Weeks attacked as a suggestion intended to as far as possible coerce American manufacturers to continue running their plants without reduction of wages and without regard to net results obtained.

REBELS TAKE TORREON, MEXICO

Capture 500 Prisoners and Seize 20 Cannon and Large Supply of Amunition

EAGLE PASS, Texas, July 24.—Official announcement was made today at constitutional headquarters in Piedras Negras of the capture of Torreon, Mexico, by constitutionalists. Fifteen hundred prisoners, 20 cannon and large supplies of ammunition fell into their hands, the constitutionalists claim.

THE CONSTITUTIONALISTS DEFEATED FEDERALS AT BAHONA—MANY KILLED

HERMOSILLO, Sonora, July 24.—Constitutionalists of Sonora defeated a column of federals at Bahona, according to reports just received here. The federal loss was given as 20 killed and a large number of horses and ammunition are said to have been captured.

13 MEN TO BE COURT MARTIALED AT CUMPAZ—ARE HELD UNDER GUARD

DOUGLAS, Ariz., July 24.—Court martial at Cumpaz, Sonora, awaits 13 men who are on the march to Cumpaz under a guard of constitutionalist troops, according to insurgent advices, the men were members of Frederico Cordova's band of outlaws who have plundered and murdered in the lower portion of the state.

A wealthy merchant of Sahuaripa, whose name was not divulged, also is in custody. He is charged with being in league with the outlaws.

Some music, No. Billelica, Fri. eve.

JONES' CREAMERY STORE 155 Central St. Opp. Third St. New Bradley Building. Tel. 571.

MULHALL READ RIOT ACT TO COLE

Because of His Opposition to Former Speaker Cannon— Other Letters Read

WASHINGTON, July 24.—Murtin Mulhall's correspondence first put in the record of the senate lobby investigation committee today concerned his efforts to beat Rep. Herbert Parsons of New York for re-election in 1910, told of reading the riot act to Representative R. D. Cole of Ohio because of his opposition to former Speaker Cannon and gave further details of Mulhall's efforts to aid the candidacy of George Gordon Battle for governor of New York.

Feb. 3, 1910, Mulhall wrote John Kirby, Jr. about the fight on Cannon and added:

"Mr. Sherman confidently stated to me that President Taft is now being made aware of the many good things our association has done for the republic. I have assured me the president would not press any labor bills at this session of congress and at the close of my interview I was more than ever confident of complete success in Washington this winter."

Writing to General Manager Bird Mulhall said:

"I have been ever started before."

Feb. 7 Mulhall wrote Secretary Schuchman that the eight hour bill was pretty well cornered in the labor sub-committee of the house and there was no danger.

He wrote on the same subject:

"I named his committee on the question. I had named it. It consists of Vreeland, Madison and Albert, republicans, Raymond and Covington, democrats. We feel that if the bill goes to this sub-committee there will be no danger for the rest of this session."

In May, 1910, Mulhall's letters told of his going to the sixth New Jersey congressional district to help re-elect J. L. Gardner, once opposed by the manufacturers. Mulhall wrote Gardner had "surrendered completely" and that in consequence he was in his district to help him. Mulhall visited Gardner and was particularly anxious to help with 4000 employees of the Reading Iron Works at Trenton.

DEATHS

KINSELA—Rose A. Kinsele, a well-known resident of Dracut, died yesterday at her home on Kinsele avenue, Dracut. She leaves to mourn her loss, two sisters, Miss Elizabeth of Dracut, and Mrs. Ellen Carney, and one brother, John P. Kinsele, five nephews, Charles L. George F. and Arthur J. Kinsele, and Edward J. and Albert Carney, and three nieces, the Misses Mary R. and Loretta M. Kinsele, and Miss Loretta Carney, all of this city.

CHAMPAGNE—Miss Jeanette Champagne, aged 11 years, four months, 20 days, died yesterday afternoon at the home of her parents, 514 Moody street, after a brief illness. She leaves, besides her father and mother, Mr. and Mrs. Octave Champagne, four sisters, Mrs. Arthur Canin of Boston, Mrs. Leo Dupont, Mrs. Frank Konyou and Miss Juliette Champagne, all of this city; also two brothers, Masters Konyou and Leon Champagne, both of this city.

RYAN—William J. Ryan, Jr., the infant son of William J. and Annie Ryan, died yesterday afternoon at the home of his parents, 6 in the rear of 220 Fayette street, aged 7 months.

JONES—Helen Jones, only daughter of Albert H. and Ada F. Jones, died yesterday at the home of her parents in Billerica, aged 15 years, 10 months and 23 days. Besides her parents, she is survived by one brother, Adon.

SHEAHAN—Died in this city July 23, at the home of her parents, 15 Crowley street, Mary Sheahan, aged 1 year, 10 months and 24 days. She leaves to mourn her loss her parents, John P. and Catherine Sheahan.

MURRAY—John J. Murray, a resident of St. Patrick's parish, died this morning at the Lowell hospital. He is survived by his mother, Mary, and a brother, Frederick. The remains were removed to the warehouses of Undertaker Peter H. Savage.

FUNERALS

ADAMS—The funeral of Mrs. Amos B. Adams took place yesterday afternoon from her late home on Lowell street, Chelmsford, the Rev. L. L. Greene officiating. There were many floral offerings. A quartet composed of Miss Etta B. Thompson, Miss P. Fleming, Arthur T. Mann and Warren Reid sang "Abide With Me" and "The Homelands." The hymns were E. W. Swenson, W. A. Mitchell, Sherman Day and F. N. A. Hurtubise. Burial was in the family lot in Foresters cemetery, arrangements being in charge of Undertaker Perham of Chelmsford.

ABROTT—The funeral of Katharine M. Abbott was held yesterday afternoon at 2 o'clock from her late home, 21 Fairmount street. The service was without music, was conducted by the Rev. S. H. Jobe of St. Anne's and the Rev. Wilson Waters of St. Anne's, Chelmsford. Frederick P. Marble had general charge of the arrangements, and the bearers were Hon. John Jacob Rogers, Edward N. Burke, John F. Razer and Philip S. Marden. Interment was in the family lot at the Lowell cemetery. Undertaker G. W. Healey in charge.

JONES—The funeral of Mrs. Abbie F. Jones took place from the home of her sister, Mrs. Fred Jones, 101 Stevens street, yesterday afternoon at 2 o'clock. The services were conducted by Rev. C. L. Chamberlain of Warren, N. H. Mr. Jones was a well-known and popular selection. The bearers were Messrs. R. K. Disney, A. W. Jones, Frank W. Brault and Fred C. Amadon. The flowers were many and beautiful. Burial was in the family lot at Towles.

Something New In Travel To the Yellowstone Park

That glorious trip through the Yellowstone Park can be made this summer in unusual comfort and with added interest. Our railroad—"The Burlington"—runs a luxurious Pullman car daily from Chicago, for 200 miles by daylight through the wonderfully beautiful valley of the Mississippi river, "The Father of Waters," and direct to Gardiner, the entrance to the park. Furthermore, once every week we shall provide a special conductor, who will go with this car and accompany the occupants throughout the entire trip, pointing out and explaining everything of interest, and carefully looking after the comfort of our guests. No extra charge for this extra service.

May I have the privilege of telling you more, sending you maps, pictures and descriptions of the Valley and the Park (no charge)? I would like to help you plan the trip and look after the details for you. That's what I'm paid to do.

Alex. Stokes, New England Pass Agent, C. R. & Q. R. B., 264 Washington St., Boston, Tel.

tury Centre, where the burial service was read by Mr. Chamberlain. The funeral was under the direction of Undertakers Young & Blake.

PINDIVILLE—The funeral of George Pindiville took place yesterday afternoon at 3 o'clock from the home of his parents, 17 North Franklin street, and was largely attended. There were many beautiful flowers, including a large pillow inscribed "Our Darling," from the parents, basket of cut flowers with inscription "My Nephew," from Miss Della Jordan. Other flowers were sent by the Hamilton and Langdon families and Mrs. Patrick Hannan, the Kelley family, Mr. Burke and Mrs. Della Jordan, the grandparents, Mr. and Mrs. Lynch, Mrs. Thomas Jordan, children of neighborhood and from a friend. The bearers were George Hamilton, John Langdon, Thomas Langdon, Raymond Connolly, John Molloy and Walter Boland. At the grave, Rev. Fr. Dorey of St. Patrick's church read the committal prayer. Burial was in St. Patrick's cemetery, in charge of Undertakers J. F. O'Donnell & Sons.

LANG—The funeral of Walter Lang took place yesterday afternoon at 2:30 o'clock from the home of his parents, James E. and Ellen Lang, 102 High street, and was well attended. Among the many flowers were the following: "In loving memory of Walter," from James Lang and family; spray inscribed "Walter," from Mrs. Frank Lang; Mrs. J. W. Clemons, Elliott and Howland, the Misses Lantry, the Finlay family, Joseph and May Goshaw, Margaret and Elizabeth Finley. Burial was in the family lot in St. Patrick's cemetery, Undertakers M. H. McDermott & Sons in charge.

BRADY—The funeral of Patrick Brady took place yesterday afternoon at 2:30 o'clock from the home of his father, J. P. Brady, 101 Molloy street, Rev. Fr. Dorey of St. Patrick's church, officiating. Burial was in St. Patrick's cemetery.

DUFFY—The funeral of Patrick Duffy took place yesterday afternoon at 2 o'clock from the funeral parlors of J. P. Rogers and was largely attended. The bearers were J. Duffy, J. Murray, J. Daly and W. Duffy. Burial took place in the family lot in St. Patrick's cemetery. The funeral was in charge of J. P. Rogers, undertaker.

MALAMAS—The body of the late Alton Malamas was sent to Nashua, N. H., for burial this morning by Undertakers J. F. O'Donnell & Sons.

Samson Campers, No. Billerica, Fri.

Took Bribe For Vote

WEBSTER SPRINGS, W. Va., July 24.—Dr. H. P. Ashby, a member of the lower branch of the West Virginia legislature, was found guilty by a jury last night of having accepted a bribe for his vote in the recent contest for a United States senator.

FUNERAL NOTICES

O'CONNOR—The funeral of Miss Mary O'Connor will take place Friday morning at 8 o'clock from her home, 23 Adams street. A mass of requiem will be sung at St. Patrick's church at 9 o'clock. Burial in St. Patrick's cemetery. Undertakers J. F. O'Donnell & Sons in charge.

KINSELA—The funeral of Mrs. Rose A. Kinsele will take place from her home on Kinsele avenue, Friday morning at 8 o'clock. High mass of requiem will be sung at St. Michael's church, this city, at 9 o'clock. Burial will be in the family lot in St. Patrick's cemetery. Undertaker Geo. B. McKenna in charge.

SHEAHAN—The funeral of Mary Sheahan will take place Friday afternoon at 3 o'clock from the home of her parents, 15 Crowley street. Burial in St. Patrick's cemetery under the direction of Undertaker John J. O'Donnell.

WHITNEY—Died July 24, Channing Whitney, of Tyngsboro, aged 63 years. Funeral services Sunday afternoon at 2:30 o'clock from the Evangelical church. Friends are invited to attend. Funeral in charge of J. A. Weinbeck.

JONES—Died in Billerica, July 23, Helen Jones, aged 15 years, 10 months, 23 days. She leaves besides her father and mother, Mr. and Mrs. Albert H. Jones, one brother, Adon Jones, corner, Billerica. Friday afternoon at 2:30 o'clock. Friends invited. The funeral arrangements are under the direction of Undertakers Young & Blake.

MURRAY—The funeral of the late John J. Murray will take place from the warehouses of Peter H. Savage, in Worthen street, at 8:30 o'clock, Saturday morning. High mass of requiem will be celebrated in St. Patrick's church at 9 o'clock. Burial in St. Patrick's cemetery. Undertaker P. H. Savage in charge.

The Kaslo

The music of 20 or 30 years ago and of earlier times is always acceptable—far more so than present day melodies which are popular today and are gone tomorrow. That is why the Kaslo management arranges an "old times" night on Wednesday every week, with a big orchestra playing the good old tunes in a free concert preceding dancing and during the happy hours that follow. The people certainly appreciate the opportunity before them.

Some music, No. Billerica, Fri. eve.

Until a short time ago, scarcely one person in a thousand had ever tasted a really good soda cracker—as it came fresh and crisp from the oven.

Now everybody can know and enjoy the crisp goodness of fresh baked soda crackers without going to the baker's oven.

Uneda Biscuit bring the bakery to you.

A food to live on. Stamina for workers. Strength for the delicate. Give them to the little folks. Five cents.

NATIONAL BISCUIT COMPANY

CUT WIFE WITH CLEAVER

Colored Chef Arrested at New Haven

NEW HAVEN, July 24.—Jesse Conyers, a colored chef on a New York, New Haven & Hartford dining car, was arrested here today for the Jersey City police. He is alleged to have inflicted serious injury on his wife with a meat cleaver at their home in that city early this morning.

42-ACRE HOSPITAL SITE

Continued

O'Donnell said: "I believe that statement has been made but I do not know that it is true. The council's only aim is to agree upon a suitable site and break ground for a hospital. The municipal council expects to visit the Dr. Pillsbury estate, perhaps tomorrow and then, I presume, we will know what we are going to do about it. I hope that we will get underway to build a hospital within thirty days."

Another New Site
A tract of land owned by Lizzie McLean Carney in Pawtucketville and consisting of about 42 acres has been offered for the sum of \$5000 and the offer holds good for thirty days. The following letter received at the mayor's office this forenoon and filed with the city clerk, explains the site:

Lowell, Mass., July 24, 1913.
To the Municipal Council, City of Lowell, Mass.
Gentlemen: I am the owner of a tract of land in Pawtucketville, consisting of forty-one and three-quarter acres, 31 acres of which are in Lowell and ten and three-fourth acres in Dracut. The major part of the tract is on very high land commanding a north and also overlooking the city itself.

There is on this tract, an artesian well, six inches in diameter and drilled 205 feet through solid rock. The water of excellent quality and an unlimited amount. I enclose a sketch showing the location and the property. I offer this tract for a period of 30 days, to the city of Lowell, for the sum of \$5000.

Respectfully,
By Edward B. Carney.
The Pillsbury Estate

The Dr. George H. Pillsbury estate is offered for sale by Walter E. Guyette, he having the exclusive agency of the property. The lot has a total area of 111-2 acres, divided in part for garden purposes, pasture and for raising hay. The property is provided with its own drainage system, also its own water supply from a well 22 feet deep and 10 feet wide, supplied to the house by means of a gas engine. "For a hospital site," says Mr. Guyette, "it is without a peer in Lowell, inasmuch as it is distant from immediate houses, yet within ten minutes' walk of the electric cars. It sets on a crest by itself overlooking the winding and historic Merrimack, and its land, extending to the banks, gives the city a water right that is valuable."

"For convalescent patients it is ideal, for the opportunity to roam over 11 acres of land heavily wooded in one of nature's own beauty spots is most admirably presented. The property is in Rivercliffe road, off Andover street."

"On the land is located a three-story house containing 14 spacious rooms, with all the modern facilities, open plumbing, bathroom, three toilets, set wash trays in a large laundry, numerous linen drawers, plentiful supply of closets, a solid concrete basement; the cellar is divided with its different apartments for their special uses; there is a practically new steam heating apparatus. The house is adorned with large open verandas on front and sides, a stable built of the heaviest of such construction, interior is finished in matched sheathing, a cellar under the whole, lighted and supplied with running water. Surrounding the buildings on all sides are spacious and beautifully kept lawns and a goodly amount of shrubs and heavy shade trees.

"The house could be remodeled so as to constitute the main part of the hospital, thus saving the city great expense."

IN MOB OF 500 MEN

Sheriff of Calumet Notifies Governor

LANSING, Mich., July 24.—The governor's office this afternoon received a message from the sheriff at Calumet stating he was in the hands of a mob of 500 men and that another mob of 500 was on the way to Calumet from Ahmeek, a small mining town near Calumet.

EXECUTIVE OFFICE URGED TO SEND TROOPS TO CALUMET, MICH.

LANSING, Mich., July 24.—The first direct information received at the executive office during the governor's absence was contained in a telegram received shortly before noon today from J. W. Black of Houghton county. He telegraphed:

"Local officials unable to handle the situation. A lot of disorder and violence last night and you are justified in sending troops at once. Business men and best saloonkeepers urge that all saloons in Houghton county be closed."

Samson Campers, No. Billerica, Fri.

Governor of Hawaii

WASHINGTON, July 24.—President Wilson today nominated Lea Pinkham of Hawaii to be governor of Hawaii.

PROPOSALS

Addition to Greenhalge School

Sealed proposals will be received, from local contractors only, at the office of the Commissioner of Public Property on Saturday, August 2nd, 1913, at 10 a. m., for the construction of an addition to the Greenhalge school on Ennell street for the City of Lowell, in accordance with plans and specifications furnished by Henry L. Bourke, Architect.

The work will be let as a general contract with the exception of heating and plumbing which will be let separately.

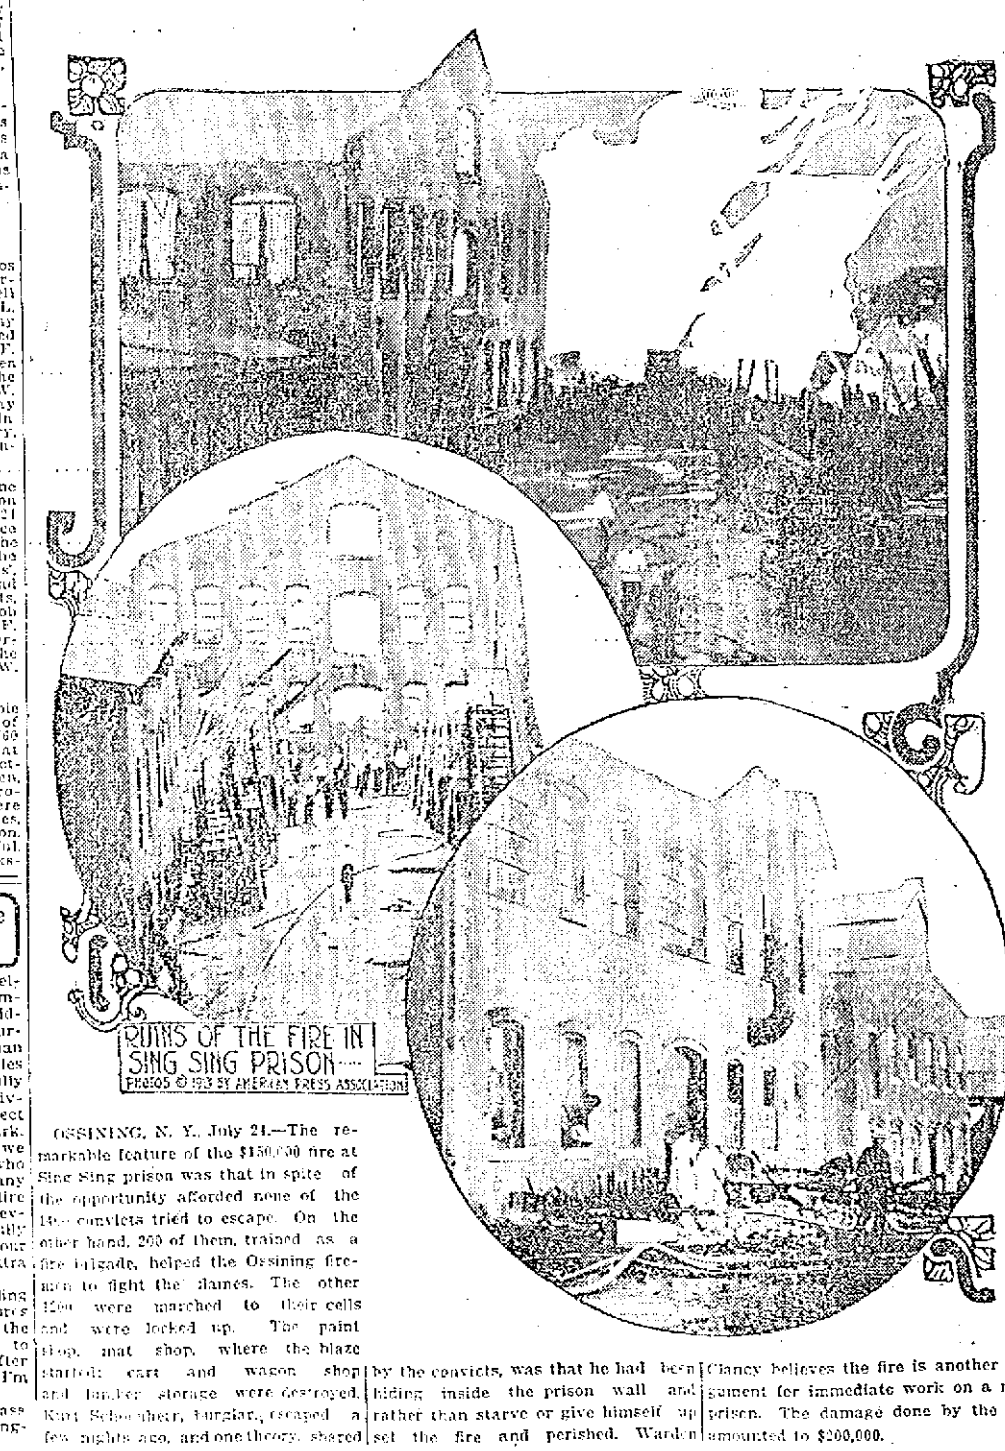

Each proposal must be on a blank form furnished by the Commissioner of Public Property and no other form will be received. Each proposal must be accompanied by a certified or cashier's check made payable to the Treasurer of the City of Lowell, and forfeited by the contractor should he refuse to sign the contract at any time within three days from the time proposals are opened. The amount of the check must be 10% of the price mentioned in the proposal.

Each contractor must be prepared to give bond to the amount of 25% of the contract price, conditioned on the satisfactory execution of the contract, as required by plans and specifications. Drawings and specifications may be seen at the office of the Commissioner of Public Property and Licenses.

The Commissioner of Public Property and Licenses reserves the right to reject any or all proposals.

LAWRENCE CUMMINGS,
Commissioner.
FRANCIS A. CONNOR,
Inspector of Buildings.

CONVICTS JOIN FIREMEN IN VAIN ATTEMPT TO SAVE WORKSHOPS AT SING SING

RUINS OF THE FIRE IN
SING SING PRISON
PHOTO © 1913 BY APPEAL PRESS ASSOCIATION

OSWING, N. Y., July 24.—The remarkable feature of the \$150,000 fire at Sing Sing prison was that in spite of the opportunity afforded none of the 140 convicts tried to escape. On the other hand, 250 of them, trained as a fire brigade, helped the Oswing firemen to fight the flames. The other 120 were marched to their cells and were locked up. The point shop, mat shop, where the blaze started; cart and wagon shop and lumber storage were destroyed. Kent Schmitt, burglar, escaped a few nights ago, and one theory shared by the convicts, was that he had been hiding inside the prison wall and rather than starve or give himself up set the fire and perished. Warden Clancy believes the fire is another argument for immediate work on a new prison. The damage done by the fire amounted to \$200,000.

LEGAL NOTICES

STATE.
Estate of Albert W. Danforth, late
Lowell, in the County of Middlesex,
deceased, intestate, represented involun-
tarily.
The Probate Court for said County
will receive and examine all claims of
creditors against the estate of said Al-
bert W. Danforth and notice is hereby
given that six months from the four-

teenth day of July, A. D. 1913, are allowed to creditors to present and prove their claims against said estate, and that the Court will receive and examine the claims of creditors at Lowell, on the sixteenth day of September, 1913, at nine o'clock in the forenoon, and at Cambridge, on the fourteenth day of January, 1914, at nine o'clock in

EDWARD H. SCRIBNER,
Administrator.

COMMONWEALTH OF MASSACHUSETTS, Middlesex ss. Probate Court.
To the persons under the will and all other persons interested in the estate of Rachel H. Allyn, late of Charleston, the State of Vermont, deceased.

Whereas, Horace W. Bailey, executor of the will of said deceased, has presented to said Court his petition for license to sell at public auction the whole of a parcel of the real estate of said deceased for the payment of legacies, and for other reasons set forth in said petition.

Probate Court to be held at Cambridge in said County, on the eighth day of September, A. D. 1913, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is ordered to serve this citation by delivering a copy thereof to each person interested

In the estate mentioned above, we said before said Court, or by publishing the same once in each week for three successive weeks in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this fifteenth day of July in the year one

thousand nine hundred and thirteen.
W. E. ROGERS, Register.

To the Honorable the Justices of the Superior Court within and for the County of Middlesex:

Respectfully libels and represents Josephine A. Hatch, of Melrose, in said County, that she was lawfully married to Ralph L. Hatch, whose residence is

to your libellant unknown, at Providence, in the State of Rhode Island on the twelfth day of August, A. D. 1905 and thereafterwards your libellant and the said Ralph L. Hatch, lived together as husband and wife in this Commonwealth, to wit, at said Melrose; that your libellant has always been faithful to her marriage vows and obligations to the said Ralph L. Hatch, being

wholly regardless of the same, at said Melrose, on or about June 25, A. I. 1912, and at divers other times and places was guilty of cruel and abusive treatment of your libellant; and being of sufficient ability, grossly and wantonly and cruelly refused or neglected to provide suitable maintenance for your libellant.

Wherefore your libellant prays
a divorce from the bonds of matrimony may be decreed between you
libellant and the said Ralph L. Hatch.
Dated this twenty-first day of July
A. D. 1913.

JOSEPHINE A. HATCH.

COMMONWEALTH OF MASSACHUSETTS.
SSETH, JUDGE OF THE Superior Court.

UPON the foregoing libel, it is ordered that the libellant notify the libellee to appear before our Justices of said Court, at Cambridge, in said County, on the first Monday of September next.

County, by causing an attested copy of said libel and of the order thereon to be published in The Lowell Sun, a newspaper published in Lowell, in the County of Middlesex, once a week for three weeks successively, the last publication to be fourteen days at least before the said last mentioned day, and that an attested copy of said libel and of the order thereon be sent by registered letter to the last known residence of the libeller, that he may then and there show cause, if any he have, why the prayer in said libel set forth should not be granted.

not be granted.
WM. C. DILLINGHAM, Clerk
A true copy of the libel and of
order thereon.
Attest.

JOE THOMAS RETIR

**Former Champion V
Box No More**

—

"Joe" Thomas of this city, in his time in the prize ring has two titles, champion welterweight champion, middleweight of the w

has retired from the ring without a fight to have some rising young artist knock him out of it, announced on the road for a tobacco firm. Speaking of his retirement, "Joe" said to a reporter of The Sun: "I am now 30 years of age and have been in the ring for the past 15 years. The average boxer remains good a decade if he has luck, but few beyond that and a boxer is an old man."

at 20. It's an old and a true saw that youth must be served and v the old boxer has the advantage of ring experience and cleverness he not match staying-power and streng with his youthful antagonist. The boxers cling to the idea that they possessed of eternal youth until, the pitcher that went to the well too often, they gets theirs. Such not be the case with me, however.

I shall not engage in any more boxing contests, other than those of a friendly nature, and shall devote my time to the sale of cigars. I was twenty years, and engaged in some of the hardest battles ever witnessed in prize ring and yet as you can see for yourself I have escaped without a scratch of a permanent nature such as a dislocated ear or a scarred face. I'm not going to get one at this

date. Boxing, while a strenuous
is a good sport and a generally
ing, an honest sport. I ven-
state that there has been less cor-
ness in the boxing game than I
other. The game has fallen com-
into disrepute of late through the
sonality of certain individuals
through their physical prowess
attained a high rank in ring
notable Jack Johnson. Johnson

a wonderful fighter, was able to throw the boxing game into disrepute than any other man who ever graced the ring. The country and the world are well rid of him.

"Jec" Thomas' ring record is known to all followers of the game. He has boxed from Malibu, California and back again, most of the great welter and middleweight of the past 10 years, including the best with whom he fought.
